CARING FOR YOUR WESTCOTT WASHABLE BACKGROUNDS

Westcott backgrounds are constructed from a cotton/poly blend muslin and dyed to achieve color patterns. **They are not flame retardant**. The **new washables** are machine washable in Cold water, delicate cycle and may either be line or machine dried. (Please note: as with any material, colors may fade after regular washings). It is suggested to keep the background at its best, wash using delicate soap and dry on a low temp.
