Powerful functionality, combined with handheld portability.

Labeling to help improve productivity and organization is a best practice that's relevant for workplaces of every kind - not just the traditional office. That's why Brother™ designed the P-touch® PT-H500LI with robust functionality, in an easy-to-use, take-it-anywhere size. Its bright display, rechargeable battery, QWERTY-style keyboard, and Windows®/Mac® compatibility make it great for store owners, warehouse managers, building contractors, and other professionals who need the flexibility of printing labels away from their desk or connected to a computer.

Create durable labels for a variety of applications… Wherever your office may be.

Label to *Organize & Identify*...

Label to *Look Professional*...

Label to *Protect Your Assets*...

Professional labeling… in the palm of your hand.

Flexible Power Source

Powered by an included rechargeable, Li-ion battery, or optional alkaline batteries, this labeler can go virtually anywhere. Great for professionals whose work requires them to be away from a desk for much, if not all, of their day.

Expanded Design Options◆

The included P-touch Editor Label Design Software enables printing professional-looking, customized labels from your Windows or Mac computer. Simply connect using the included USB cable to create an impressive array of labels with fonts or graphics on your computer.

Easy and accurate typing

Unlike many handheld labelers, the PT-H500LI offers a generously-sized, QWERTY-style keyboard that makes typing easy and virtually effortless. In addition, the intuitive, one-touch formatting keys support quick label creation.

Print large, easy-to-read labels for a variety of uses

Use durable, laminated TZe tapes up to 24mm wide (approximately 1") to make labels with up to seven lines of text and graphics. Print up to 48 point text for maximum readability. The extensive library of fonts, symbols, frames, and barcodes help to create virtually any label imagined.

Durable Tapes

Leave a lasting impression with labels that look great and stay affixed for years. Our durable, TZe series of tapes produce labels whereby the text is printed under and protected by a clear laminate layer. The result is sharp, professional quality labels that remain affixed and clearly readable for years.

About Our Tapes:

Tapes for most any application*

Choose from a wide variety of TZe tapes - use Standard Laminated Tapes for general workplace labeling, or use one of many specialty tapes for identifying wires and cables, or adding tamper-evident security. There's even non-laminated fabric iron-on tape for labeling uniforms, linens, and more. The split back tapes allow for hassle free application.

TZe TAPE

Better performing labels by design

The PT-H500LI uses tapes from our best-selling TZe laminated tape family. Text and images printed on TZe tape are protected by a thin, clear film to withstand water, grease, fading, abrasion, heat, cold, and demanding outdoor environments.
