Tool List:

Required Tool (not supplied):
1 x Large Phillips Screw Driver

- 1** Attach the left back (1) to the left side panel (2).
Attach the right back (2) to the right side panel (4).

- 2** Place the assembled left (1&2) and right side (3&4) onto the top panel (5). Screw into place with 10 screws (H1).

- 3** Place the bottom panel (6) onto the assembly.
With a light force, secure into place.

- 4** Screw the bottom into the assembly with 4 screws (H1),
and 4 larger washer and screws (H2&H3).

- 5** Attach the casters (H4 & H5) to the assembly with 16 screws and washers (H2 & H3).

- 6** Attach the small back door (7) to the assembly with 6 screws (H6).

- 7** Attach the left and right front doors (8 & 9) to the assembly with 12 screws (H6).

- 8** Using the supplied Allen wrench, Attach the handle (10) to the assembly with 4 screws, lock washers and washers (H7, H8 & H9).

9 Stack the 7 shelves (11) into the assembly.

10 Evenly distribute the 28 shelf clips (H10) along the shelf rails, and lock them into place. Set the shelves (11) on the clips.

You have completed the assembly.
