Installation/Removal

This cover is intended for use with HG power strips to prevent the connection of unauthorized devices.

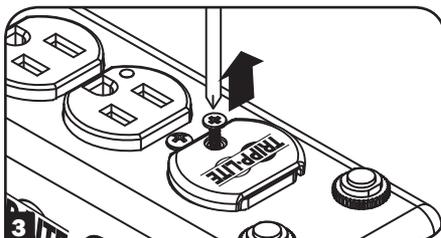

- 1** Insert the cover into the outlet you wish to block.

- 2** Using finger pressure, push the nylon screw into the hole in the ground opening. This will lock the cover into place.

- 3** To remove the cover, use a Phillips screwdriver to remove the nylon screw and then pull the cover out of the outlet.

Save the cover and screw as it is designed for repeated use.
