BlackFly Cinema Camera Handheld Rig QUICKSTART GUIDE

Assembling your BlackFly is quick and easy, since the majority of the rig has already been pre-assembled for you.

STEP 1

Secure the heavy duty Comfort Hand Grips to bottom Handle Arms, using the included 1/4-20 Hex Screws and tighten them with the Hex Key.

Optional configurations for tripod mounting plate:

Unscrew the tripod mounting plate from the TriFly baseplate and turn it 180° and screw back in. This will give you easier access to the D-Ring to mount or loosen your camera.
