## Safety Strobe Megaphone

**New!**

### NEW UPGRADE ADDS VALUE TO OUR FAMILY OF MEGAPHONES!

#### EMERGENCY RESPONSE FEATURES:

- Emergency flashing strobe light
- Flashlight illuminates from bell
- Record-and-Play Feature
- Covers up to 100 yards and groups of up to 50 people with 10 watts .
- Use for personal safety in your car or truck
- Excellent megaphone for Law Enforcement, Police, EMS, Fire, Swat Teams, Traffic Control, and Safety Marshals
- GET THEIR ATTENTION:
- Battery indicator light (H, M, L)
- Talk, siren and whistle functions
- Piezo computer technology providing greater battery efficiency, up to 40% more efficient and greater battery life
- Now half the weight of normal megaphones. Ours is exceptionally light for ladies: how long can you hold a 5lb megaphone?
- Takes abuse - durable ABS plastic construction.
- Operates for up to 30 continuous hours on eight AA batteries.

ADD A CARRYING CASE

"This meg helps me establish command and control in the dark. It lights up the speaking area, and helps listeners know where the sound comes from." - Louise

"The flashlight is terrific, a bright wide beam! I can point and talk at the same time. The recorded message is very loud and whistle and siren are piercing, with a sharp, clean sound." - Bill
