

Multimedia Presentation Plus Podium

Be ready for your presentation – no matter what equipment you use. Keep everything securely in one place in our Multimedia Presentation Podium with a locking front door. You have space for an LCD screen and laptop on the large working surface. You can quickly access your keyboard and mouse with the sliding keyboard drawer. You can access power and data ports through the cable cutouts.

Use the fold away side shelf for a document camera or overhead projector. Use the adjustable shelf in the storage cabinet to easily organize your equipment. The podium moves easily on four large casters (2 locking).

Made from high grade melamine laminate, the Multimedia Presentation Podium comes in four finishes: Medium Oak, Maple, Walnut, and Mahogany to fit in any décor. It ships fully assembled by truck. You cannot beat the value.

Use the Multimedia Presentation Podium in classrooms, offices, or as church pulpits when you need easy access to a variety of presentation equipment that is securely stored in one location.
