

APC Back-UPS[®] Pro 700

Power-Saving, high performance power protection for office computers

The Back-UPS Pro provides abundant battery backup power, so you can work through medium length power outages. It safeguards your equipment against damaging surges and spikes that travel along utility and data lines. The Back-UPS Pro also features automatic voltage regulation (AVR), which instantly adjusts high and low voltages to safe levels, so you can work indefinitely during brownouts and overvoltages.

The Back-UPS Pro also includes unique “green” features, like power-saving outlets that automatically turn off idle peripherals. A high efficiency charging system and “AVR Bypass” also reduce power consumption. With the rest of the Back-UPS Pro’s standard features, this is the perfect unit to protect your productivity from the constant threat of bad power and lost data.

Product Features:

- 1 LCD (Liquid Crystal Display)** gives the status of over 20 different utility and battery backup conditions.
- 2 Automatic Voltage Regulation (AVR)** instantly corrects voltages fluctuations so you can work indefinitely through brownouts and overvoltages.
- 3 “Battery Backup & Surge Protected” Outlets** keep a CPU, monitor and other critical devices running when the power goes out or fluctuates outside safe levels.
- 4 3 “Surge Only” Outlets** protect printers, faxes or other equipment without reducing battery capacity. (Includes two power-saving “Controlled” outlets).
- 5 Data Line Surge Protection** guards against surges and spikes traveling over Ethernet or coax cable lines.
- 6 Push Button Circuit Breaker** enables quick recovery from overloads.
- 7 3 Yr Warranty, \$150,000 Equipment Protection Policy, free technical support and data recovery services.**
- 8 Automatic Diagnostic Testing** ensures your unit is ready when you need it.
- 9 Auto Shutdown Software** allows management of the Back-UPS from your computer via USB or serial interface:
 - Saves files and shuts down system when battery is low
 - Records utility power and battery conditions
 - Allows for customized set up
