Home/Office Series Surge Protectors
Professional-grade protection for computers & electronics

P8VT3

The APC Home/Office Series offers heavy duty, multi-stage surge suppression to protect sensitive home and office electronics from damaging power disturbances including surges and spikes. Both models offer a 2770 joule rating, eight outlets (four are block-spaced) and a 180 degree rotating six foot power cord. Telephone line and coax cable line surge suppression jacks are available to protect against dangerous surges traveling along data lines. Finally, APC's lifetime product warranty and equipment protection policy guarantees customer peace of mind!

Basic Product Features

➢ **Guaranteed protection & lifetime warranty** means peace of mind

➢ **Phone line protection jacks with splitter**

➢ **Coax cable/video protection jacks** (P8VT3)

➢ **6ft Power Cord with rt. Angle Plug**

➢ **Wiring Fault LED** proactively notifies you of potentially dangerous building wiring conditions

➢ **Working Protection LED** proactively notifies you when the unit needs a free replacement

P8T3

Protection

Multi-Stage Surge Protection circuitry ensures protection that is guaranteed for life. All three power modes (L-N, L-G, N-G) are protected. Reliable thermal fusing helps ensure safe operation under all conditions.

Noise Filter reduces Electromagnetic Interference (EMI) to help avoid equipment lock-up.

Safety-Agency Approved means the product has been tested and approved to work safely with the connected service provider equipment and within the specified environment. UL, FCC approvals. Listed to UL1449 3rd Edition standard by CSA.
