

Product information

Productname: Alpatron TriStar 4

SKU: ALP-TRISTAR-4

EAN/UCC: 8718591671845

Description

The TriStar 4 Bi-color on-camera SMD LED light with 3200K to 5600K color balance is an ideal addition to any camcorder, video capable DSLR or ENG-style camera.

The **High-Brightness SMD LED** technology (3 light sources per module instead of the usual 1) provides an enormous bundle of light with great dimming control (100-10%) and smooth color balance from Tungsten to Daylight, or anywhere in between.

Together with the detachable metal barn door and diffusion filter you can create the perfect lighting conditions for your shoot.
