

Don't waste hours on troubleshooting ever again, with the KIT-PROHD3 your answers are just minutes away. With the ability to test EDIDs, cables, and compatibilities of all devices before installing, the KIT-PROHD3 enables you to fix compatibility problems before they start. Able to diagnose 99% of connectivity issues the KIT-PROHD3 is also great for troubleshooting. Find the source of your syncing issues with each part of the Atlona Custom Installation Testing Kit. Test cables and displays with the HD800, test sources with the DIS7-PROHD, and have a quick leave behind solution for EDID and HDCP sync issues with the UHD-Sync.

- 7" HDMI, DVI, VGA and Component Testing Display
- Able to read and store the EDID of a display
- Supports 16 Test Patterns which includes 3-3D patterns.
- Cable integrity testing ability
- Multiple power options - AA batteries, AT-BAT-DIS7PRO, or DC power adaptor
- Supports resolutions up to 1920x1200 and up to 1080p

Bring the display to the source without having to move a 50" display. With the ability to not only test resolutions up to 1080p, 1920x1200 and 3D but the ability to learn any display's EDID. The AT-DIS7-PROHD is a testing device that can duplicate hot plug events and validate audio signal presence. Ensure no time is wasted on an installation or tech call with the Atlona 7" Portable Testing Monitor.

Clip to a pocket and go. The fully portable AT-BAT-DIS7PRO is a rechargeable accessory for the AT-DIS7-PROHD and AT-HD800, allowing them up to 4 hours of use.

With so many potential problems in any installation it's always better to be ready before the problem starts. With the Atlona Portable HDMI Signal Generator, test HDMI cables, determine compatible resolutions, and read EDIDs before installation to avoid problems or after to troubleshoot compatibility issues. Save time and avoid guesswork with the AT-HD800.

The Atlona AT-UHD-SYNC is designed to analyze errors, identify issues and restore failed HDMI signals. The UHD-SYNC's slender, palm sized design ensures easy integration into confined spaces. USB powered, with included USB power supply or from local USB devices. With presets and learned EDID, the UHD-SYNC provides a solution whenever and wherever it is needed.

- **1 x AT-DIS7-PROHD**
- 1 x Power Supply (5V DC 2.6A)
- 1 x 5ft VGA to Component Cable
- 1 x User Manual

- **1 x AT-UHD-Sync**
- 1 x AT-UHD-SYNC
- 1 x DC 5V/1A USB power adaptor
- 1 x Mini USB to USB "A" cable
- 1 x Pair of wall mount ears
- 1 x User manual

- **1 x AT-BAT-DIS7PRO**
- 1 x Leather case
- 1 x USB to DC adapter cable
- 1 x USB to Micro USB cable

- **1 x AT-HD800**
- 1 x 5V/2A Power Supply
- 4 x AA Batteries
- 1 x Rubber Case
- 1 x User Manual
