

DTX 41 iE

Dynamic In-Ear Headphone

FEATURES

- Powerful Neodymium HD acoustic drivers
- Strong bass response
- Plastic housing
- Soft case included

DESCRIPTION

The DTX 41 iE, which features a rugged design in stylish colours, is the ideal start for beyerdynamic's in-ear products. Its high sound pressure level and the good ambient noise attenuation ensure a powerful and balanced sound especially with mobile devices with an electronically controlled maximum volume. The strong bass drives on athletes who prefer in-ear models because they fit perfectly.

The DTX 41 iE is provided with a mini jack plug (3.5 mm) connecting to standard smart phones and MP3 players.

The delivery includes exchangeable earpieces in three sizes and a soft case.

As an option, anatomically shaped silicone earpieces can be ordered at www.beyerdynamic.com.
