

DTX 501 p

Dynamic Headphone

FEATURES

- Lightweight, foldable headphone for mobile use
- Dynamic and detailed sound
- Excellent bass response

APPLICATIONS

The DTX 501 p is a foldable headphone that features a dynamic and detailed sound. Its closed design effectively attenuates ambient noise and allows enjoying and listening to the music even in a noisy environment. The soft ear pads, the light weight and the compact size make the DTX 501 p perfect for music lovers on the move. The delivery includes a carrying case for safe transport.
