

FEATURES

- **Economical intercom headset**
- **High-quality audio response**
- **Left- or right-side mic operation**
- **Noise-attenuating ear cushion for maximum acoustical isolation**
- **Noise-cancelling mic**
- **Excellent microphone isolation for minimum crosstalk**
- **Single or double muff**

APPLICATIONS

- **Party-line and matrix intercom**
- **Aerospace communications**
- **Industrial communications**
- **Wireless communications**
- **Television production**
- **Theatrical production**
- **Concert sound**
- **TV camera**
- **Lighting director**
- **Coach to spotter**
- **Theatrical lighting**

DESCRIPTION

The CC-40 and CC-60 headsets are specifically designed to enhance the performance of virtually any intercom or communications system, especially Clear-Com Party Line, PL-Pro, Matrix Plus II and Matrix Plus 3 intercoms. They are especially appropriate for use in inter-communications applications where value and sound quality are of prime importance.

The acoustical isolation of the earphones allow for low ear fatigue in high noise environments through the use of highly-attenuating, form-fitting ear cushions.

The dynamic microphones features excellent noise cancelling capabilities with wide frequency response and superb resistance to breath and wind noises. The boom mic can be adjusted to any position as a right- or left-hand headset. In addition, the boom can be bent into any required position.

The earphones have specially contoured, wide-bandwidth frequency response and a sensitivity that will produce an SPL of 112 dB with only 1 mW of power.

SPECIFICATIONS

EARPHONES,

Nominal Impedance:

400 Ω (single and double muff)

Frequency Response: 30 - 12 kHz

SPL: 112 dB at 1 mW

MICROPHONE: Dynamic, cardioid, 200 Ω

Freq. Response: 80 Hz - 10 kHz, ± 5 dB

Noise Cancellation: >13 dB

CABLE LENGTH: 5.5 ft. (1.75 meters)

CONNECTOR: 4-pin XLR female

WEIGHT (Headset Only),

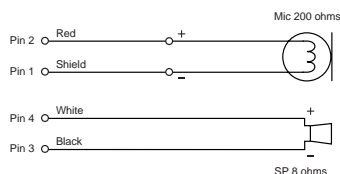

Single Muff: 9.5 oz Double Muff: 14 oz

MICROPHONE WINDSCREEN: Included

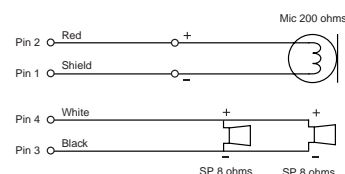

WARRANTY:

One year parts and labor except for headset cable breakage. Flat fee repair charge for out-of-warranty service.

All specifications are subject to change without notice.
