

TV-RECBT/TV5-RECBT

Enjoy the convenience of a wireless connection while listening to your favorite tunes. With the innovative NEW one way communication Galaxy Audio Bluetooth Receivers, you can appreciate the superior sound of your Traveler Portable PA System while controlling your playlist from your Bluetooth enabled device. Say goodbye to the hassle of cables, docks, and cradles, and play your Bluetooth enabled device wirelessly through your Traveler. With Bluetooth technology, you'll get high-quality, reliable sound.

Getting started with the Galaxy Audio Bluetooth Receiver is easy, whether it is a new Traveler System, or you are adding to your existing Traveler. The Receiver itself connects to your Traveler internally, with an easy slide in connection. You can then pair your Bluetooth enabled device with the Receiver wirelessly from across the room.

Perfect for the Classroom, Conference Room, Display and Trade Shows, or anywhere Portable PA is needed!
