

MIO HDMI-CEXT

HDMI Single Coaxial Cable Extender

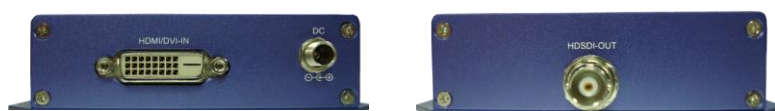

Description

MIO HDMI-CEXT is a miniature high quality HDMI extender used for transmit/receive HDMI Video/Audio signals over a single coaxial cable up to 100 m. It's made up of a transmitter MIO-HDMI-CEXT-T and a receiver MIO HDMI-CEXT-R. MIO-HDMI-CEXT Coax cable extender automatically detects the input video format and supports a wide variety of input formats (720p, 1080i, 1080p). MIO-HDMI-CEXT is fully compatible with the latest HDMI v1.3 standard.

Application

MIO HDMI-CEXT-T Interface

MIO HDMI-CEXT-R Interface
