

## Daptor Three WIRELESS AUDIO INTERFACE CE

Daptor Three connects to your cell phone like any other *Bluetooth* Wireless Technology enabled headset. Simply press and hold the recessed button on Daptor Three to initiate pairing mode. It will first attempt to connect in hands free mode to a cell phone. If this type of connection is not available, it will connect to any other product, such as a laptop, that allows a *Bluetooth* wireless connection. This wireless headphone mode offers a full audio bandwidth stereo connection.
