

Composite or S-Video with Audio to HDMI Converter

Convert Composite or S-Video
signals to HDMI

MPN: **HDCVRYW**

The KanexPro composite or S-video to HDMI converter is a classic fit for legacy, analog A/V equipment that requires seamless integration into today's home theater environment. It converts composite video or S-video with RCA audio signals to HDMI.

The converter has a high-performance scaling engine that up-converts interlaced video signal to 720p. It also takes the R+L audio and encodes it to the HDMI signal for high-resolution video and audio playback. Ideal and cost-effective for legacy home-theater equipment that needs the transition to HDMI displays.

FEATURES

- Convert Composite or S-video with RCA audio to DVI/HDMI
- Supports data rates to 6.75Gbps
- HDMI output resolutions up to 720p (1280x720p@50Hz or 60Hz)
- Ensures synchronization of audio and video
- Encodes analog audio signal to HDMI
- Video output system: NTSC 3.58 / PAL (automatic)
- Compact size
- 5VDC external power supply included

SPECIFICATIONS

Signal Inputs/Outputs

Input Video Signal: 1.2 volts p-p
Input DDC Signal: 5 volts p-p (TTL)
Output Video: HDMI

Video Format Supported

DTV/HDTV: HDMI 720p @ 60Hz

Connectors

1xHDMI Connector: Type A (19-pin) Female

1xS-Video Connector

1xAV Connector

Operating Frequency

Frequency: 165MHz

Power Requirements

External Power Supply: 5V DC@2A

Power Consumption: 5 watts (max)

ABOUT KANEXPRO

KanexPro carries a broad selection of A/V connectivity products by leveraging the core strength in professional systems enabling you to broadcast, convert, extend, split, or multiply HD signal transmissions; simply and cost-effectively.
