

Lowel Blender™.. Intuitive LED Lighting

Daylight, Tungsten, or In-between, on Location.

Easy to Use
Intuitive
Controls

The new Lowel Blender™ is the perfect solution for today's 'run & gun' video lighting needs.

- You intuitively mix twin arrays of high CRI LED's, until you see the right blend of color to suit your mixed source environment.
- Put beautiful fill-light on your talent that's all tungsten, all daylight, or more importantly that perfect mix of the 2 that suddenly makes your shot look naturally lit. Blender makes location lighting intuitive.
- Blender packs more punch than you've come to expect from compact LED lights. The lamphead's compact size (4 x 3 x 3") makes it small enough to fit on a pistol grip or compact light stand.
- Blender comes with a set of front diffusers for variable softening & diffusing of the blended output.
- Blender can be powered by popular video camera batteries on a belt-clip, or its own compact AC supply.

Intuitively Light Your Shot to Match Your Location. Mounts

Lights & Packs

Lowel Blender

Code: BLN-10

Lowel Blender with supplied front clear safety plastic, auto voltage-setting AC adaptor (120v Edison plug), & 3 accessory front diffusers.

Code: BLN-10E

Same as above, but with 240v Euro AC cord connection to AC adaptor.

Lowel Blender AC/DC Pack

Code: BLN-911LB

1 Lowel Blender with auto voltage-setting AC adaptor (120v Edison plug) & 3 front diffusers (BLN-10), Panasonic camcorder Battery Sled, in Blender Single Carry Bag.

Same as above with:

BLN-912LB Sony Battery Sled

BLN-913LB Canon Battery Sled

Code: BLN-911LBE

Lowel Blender AC/DC Pack, as above, but with 240v Euro AC cord connection to AC adaptor.

Same as above with:

BLN-912LBE Sony Battery Sled

BLN-913LBE Canon Battery Sled

Lowel Blender Duo AC/DC Pack

Code: BLN-921LB

2 Lowel Blenders as described above (BLN-10), 2 Panasonic camcorder Battery Sleds, and Blender Duo Carry Bag.

Same as above with:

BLN-922LB Sony Battery Sleds

BLN-923LB Canon Battery Sleds

Code: BLN-921LBE

Lowel Blender Duo AC/DC Pack, as above, but with 240v Euro AC cord connections to AC adaptors.

Same as above with:

BLN-922LBE Sony Battery Sleds

BLN-923LBE Canon Battery Sleds

Kits

Lowel Blender I Light Kit

Code: BLN-9145LB

1 Lowel Blender as above (BLN-10)

1 Lowel Uni-stand (UN-33)

1 Small Rifa Litebag (LB-45)

I Light Kit with 240v Euro AC cord

Code: BLN-9145LBE

Same as above, but with 240v Euro AC cord connection to AC adaptor.

Battery Sleds

Panasonic Battery Sled

Code: BSLD-11

Accepts Panasonic standard DV camcorder batteries to power Lowel Blender. With belt clip, and velcro strap for hanging from stand.

Canon Battery Sled

Code: BSLD-13

Accepts Canon standard DV camcorder batteries to power Lowel Blender. With belt clip, and velcro strap for hanging from stand.

Sony Battery Sled

Code: BSLD-12

Accepts Sony standard DV camcorder batteries to power Lowel Blender. With belt clip, and velcro strap for hanging from stand.

Kit Cases

Small Rifa Litebag

Code: LB-45

Size: (trapezoid shape)

29.5 x 8 x 8.25"

(75 x 21.6 x 21.6 cm)

Weight: 2.5 lbs (1.13 kg)

Made of polyester with vinyl coated backing. Has inside storage pockets, and padded shoulder strap (SS-10).

Mounts

Uni-stand

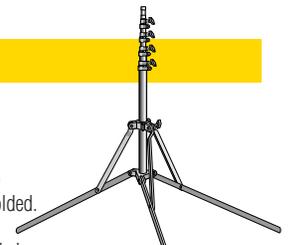

Code: UN-33

Weight: 2.4 lbs (1.1 kg)

Size: 21.5" (54.6 cm) folded.

Extends to 7'11"

All aluminum stand, wide base, legs can lie flat to floor, large locking knobs. Folds compactly to fit in smaller kits.

Handle & Stud

Code: ViP-431

Weight: 3 oz (85 g)

For hand holding Lowel Blender light. Updated Handle with 1/4-20 screw-threaded post, and 5/8" Stud with 1/4-20 screw-thread hole in bottom. Replaces ViP-43 Handle & Stud-link.

Low-link

Code: ViP-37

Weight: 1 oz (28 g)

It enables the Blender light to be camera-mounted with a Cam-link or a 1/4-20 screw.

Stud-link

Code: ViP-38

Weight: 1 oz (28 g)

5/8" (1.59 cm) stud with 1/4-20 screw, supplied with the Vipod. Can be used with Cam-link or directly on some video cameras.

Cam-link

Code: ViP-41

Weight: 1 oz (28 g)

Locks onto video cameras that have a female shoe. It accepts a Low-link, L-link, or Stud-link.

Cam-link & Stud-link

Code: ViP-41S

Weight: 2 oz (57 g)

Cam-link & Low-link

Code: ViP-41L

Weight: 2 oz (57 g)

For mounting Blender to a camera shoe.
