

SR350 Over-Ear Stereo Headphones

POSITIONING

Samson's SR350 Over-Ear Stereo Headphones provide quality bass performance and excellent sound isolation in a lightweight, yet rugged design. The wide cushioning on its ear pads and adjustable headband provide serious comfort, while a low-profile fit makes the SR350s ideal for everything from home listening to fitness applications.

FEATURES

Ear Bud Upgrade

The SR350s are a solid introduction to the superior audio quality provided by over-ear headphones. They make an excellent gift for the music lovers still using their supplied smartphone ear buds.

Sound with Style

The SR350 are carefully contoured to the shape of the head for a secure, yet attractive fit. It's a look that works with any outfit or occasion you can think of.

Lightweight Listening

Featuring all lightweight components, the SR350s are ideal for a mobile lifestyle. Perfect for a variety of fitness and travel applications, these headphones offer hours of ultra-portable, fatigue-free listening for even your longest listening sessions.

APPLICATIONS

- Music playback
- Classroom listening
- Fitness
- Travel
