

GP-S/XP-S V-Plate Instruction Manual

Thank you for your choice in purchasing a Switronix Product. The *PRO-X* series V-plate mounts on your camera to provide a quick and secure connection with your V-Type mount battery packs.

The GP-S includes a 2-pin PowerTap port to power an on-board light. The XP-S in addition has a Data I/O Camera Connection for Battery Capacity Display and Automatic Light Control(ALC). ALC automatically turns the light on/off in conjunction with the VTR.
