

STEADICAM[®] CURVE[™]

for
GoPro[®]

HD HERO

Compact Camera Stabilizer

Shoot Steady GoPro[®] Videos Everywhere

- Compact and lightweight
- Easy-to-use with one hand
- Produce smooth videos everywhere

Based on the same technology as the award-winning professional Steadicam stabilizing systems used in Hollywood, the Curve hand-held stabilizer lets you capture smooth, shake-free videos with your GoPro[®] camera.

 **Technology From Tiffen**

STEADICAM[®] CURVE[™]

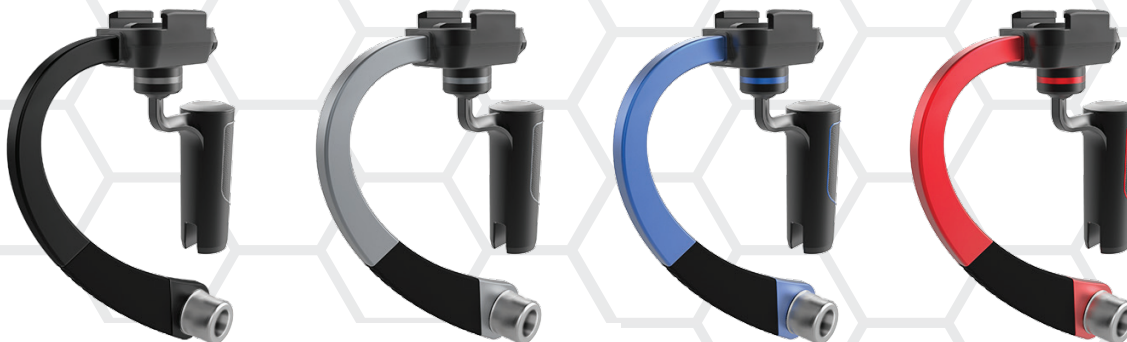

for
GoPro[®]
HD HERO

Compact Camera Stabilizer

- Built-in mount works with GoPro[®] HERO, GoPro[®] HERO 2 and GoPro[®] HERO3 (LCD BacPak required).
- Fine Tune adjustment knob for precise balance.
- Lightweight, durable aluminum frame.
- Handle folds up and locks to frame to provide compact storage and portability or for use as a GoPro[®] hand grip.
