

MS-80

Angle Adjustable Desktop Studio Monitor Stands with Acoustic Foam Pads and Sonic Isolating Feet

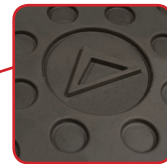

The MS-80 desktop monitor stand features non-slip, high-density acoustic foam and an angle-adjustable base that allows end users to fine tune their listening position. Angle your desktop monitors up or down, depending on your situation, and take assurance that you're getting the most from your mix thanks to accurate positioning, decoupling acoustic foam pads and sonic isolating feet.

Glass-filled polycarbonate base that won't "give" under the weight of your monitors

Angle-adjustable so you can fine tune the position of your studio monitors

Four rubber feet keep stand in place and isolate acoustic vibrations

High-density acoustic foam for professional sonic isolation
