

Extensor SDI4Mosaic

Advanced Mosaic Generator

Key Features

- The simplest way to connect up to 4 SDI feeds on a single mosaic display
- Converts a 4K HD-SDI video source to a standard HDMI screen
- Automatically creates a mosaic of up to four video channels and displays on compatible monitors
- It allows the comparison of two video channels and displays them in various layouts
- OSD Status gives all status information (ie: video signal detected, resolution and so on...) directly super-imposed on the video output signal
- Power supply provided with a lockable connector and country adaptors
- Easy to configure with the mini-switch on the side of the converter
