

Medusa® Power Series Technical Specifications

The Medusa Power Series is designed specifically for use with mixing boards that incorporate built-in power amplifiers.

Each Power Medusa is constructed of a heavy-duty steel stage box with female XLR inputs, 1/4" TRS returns (when used), and four 1/4" speaker jacks .

MADE IN USA.

Models:

MP-8 . . . 8 inputs, 1 return

MP-12 . . . 12 inputs, 4 returns

MP-16 . . . 16 inputs, no returns

All models also have two 14 GA speaker lines built in.
