

TRIPOD AND PEDESTAL

Ikan's line of teleprompters continue to expand with new accessories, including the E-Image line of tripod kits. Whether using the ultra-portable PT-1000 or PT-1000W, or the studio-grade PT3000 or PT4000, ikan has you covered.

Pedestal (EI-7902-A)

For the heavy-duty studio solution, the E-Image EI-7902-A pedestal brings a robust, aluminum construction, floor dolly and maximum payload of 33 lbs to the ikan teleprompters. For your PT-3000 or PT-4000, the El-7902-A is the perfect studio mount and provides a solid support for your teleprompter with camera, while still keeping it mobile and adjustable. An easy to adjust center column and high-quality fluid head is also a feature that will be sure to keep your shots stable and your talent happy.

\$3495.00

Tripod (EI-7063-AA)

The El-7063-AA tripod provides an affordable, lightweight camera support solution when mounting your PT-1000 or PT-1000W and camera. This triple-riser, aluminum tripod comes with padded case, tripod plate and extension arm. With a maximum payload of 18 lbs, you will always have room to spare for your prosumer camera with portable tripod.
