

ID 500

The ikan ID 500

Kit Includes

The ID 500 light, Stand adapter, AC Power and Remote.

No matter if you're in the studio or on location, the newly designed ikan ID 500 is the perfect solution. Like other LED lights, the ID 500 is both lightweight and cool and requires far less AC power than incandescent lights. However, the ID 500 from ikan will give you the freedom to go anywhere with or without AC power...

Wireless Power Is Here

Gone are the days of being tethered to a power source. In addition to standard AC power you can enjoy hours of cool and portable light whenever and wherever you want with ikan Professional Batteries. Simply mount your Anton Bauer or Sony V Mount batteries directly to the ID 500, and you will have the freedom to shoot at any location your production demands.
