IDMX1500-v2

1500 LED Studio Light with Digital Control

Studio Lighting

For photographers, videographers and cinematographers who want professional quality at an affordable price, the IDMX1500-v2 LED Studio Light with Digital DMX Control is a great choice. The 5600K Daylight Studio Light has full Digital DMX capabilities and delivers field-tested reliability, solid construction and professional performance.

The 1,500 energy-efficient, dimmable LED bulbs are configured in a 39x7.5 inch rectangle and throw light at a wide 60-degree angle. The IDMX1500-V2 is DMX-controlled but also has on board capabilities for dimming and powering the unit on and off. A multi-voltage DC-power supply is included. Pre-mounted four-leaf barn doors can be folded flat for ease of transportation. IDMX1500-V2 lights are also available in added-value kit combinations that that may include stands, bags and other accessories.
