**Bend-insensitive Fiber** has a flexible core design that enables it to significantly reduce macrobend loss even in the most challenging bend environments.

This makes installation and cable management easier than ever before!

**Complex Bend Insensitive Low Profile SMPTE Fiber Camera Cables**

**Bend Insensitive Fiber for Use Behind Racks and in Trucks Where Space is Limited!**

Lightweight, flexible, and rugged Complex Mini 7.8mm SMPTE 311 camera cable features 16AWG robust power conductors for high performance in portable applications. Ideal for portable deployments for truck and camera connections when facing weight and space constraints, the Complex HF-FUWPUW-7 Mini SMPTE cable assemblies with Gepco HDC720HD 7.8mm cable and LEMO FUW-PUW connectors are smaller and lighter than traditional 9.2mm steel strength member cables. The steel is replaced by a Kevlar strength member that has the same pull strength of steel, but is lighter and more flexible which means they lay flat and are easier to deploy and reel back on the drum. Kevlar expands and contracts at the same rate as the glass members during temperature extremes, keeping the elements in the cable aligned reducing migration.

**SMPTE Cable Only**

| Model            | Length    | Discount  |

**Complex Bend Insensitive Harsh Environment Outdoor Broadcast SMPTE Fiber Camera Cables**  
Featuring Corning Bend Insensitive Core!

Complex SMPTE 311M ruggedized camera cable assemblies with Hitachi/Corning Single-mode Bend Insensitive fiber. The partnership with Hitachi Cables' high-end manufacturing processes and Corning's robust bend insensitive fiber guarantees high performance in the most critical applications. Cables feature ultra-precision LEMO connectors and are ideally suited for mobile trucks, outdoor venues, and permanent outdoor installations. The Hitachi Bend insensitive cable allows for extreme stress, a tough abrasion and UV-resistant polyurethane jacket to meet all of your high definition needs in harsh environments without affecting performance.

# CANARE SMPTE HFO

*Markertek is Your Established Volume Manufacturer for Hybrid Camera Cables!*

Complex HF-FCFAFCMA series Canare HFO SMPTE hybrid fiber optic camera cables from our Canare certified shop. Designed for studio and broadcast applications with a polyurethane jacket providing tear resistant characteristics ensuring superb mechanical strength. Meets the most demanding applications for high-speed uncompressed HD video transmissions over long distances. All assemblies are multi-stage machine polished and tested for <.55db RL. Meets or exceeds SMPTE 304M/311M standards.

**The Canare FC Series Hybrid Fiber Optic Connector**

Offers easy maintenance with a detachable alignment sleeve and insulator. The quality construction includes a stainless steel tip and solder contacts fixed in the insulation housing. Designed for long life and hassle-free cleaning. Canare HFO SMPTE connectors are LEMO compatible.

**Custom lengths & configurations always available!**

- Assembled with Premium Canare LF-25M9N 9.2mm SMPTE Camera Cable & Canare Connectors
- Fully Compatible with LEMO 3K Series Connectors
- Industry Standard HFO Camera Cables
- Terminations by Canare Certified Technicians
- Electrical assemblies 100% tested for continuity & shorts
- Fiber optic assemblies 100% tested for attenuation and back reflection
- SMPTE 311M/304M & ARIB Compliant
- Stainless steel assemblies & Rubber dust caps
- 19.4 Mbps to 3 Gbps transport
- Machine polished fiber contacts
- Low insertion and return loss
- Equivalent to All Canare FCC Series HFO Cables

# GEPSCO SMPTE HYBRID

**Complex SMPTE Hybrid FUW Plug to PUW Socket Gepco HDC920 Outside Broadcast SMPTE Fiber Camera Cables**

Complex HF-FUWPUW-G series assembled with premium, extra-flexible Gepco HDC920 9.2mm harsh environment outside broadcast SMPTE cable & LEMO 3K connectors. This composite cable integrates power line for TV camera, control line, and optical fiber for video and audio transmission. The cable is standardized by SMPTE for HDTV Broadcast camera use.

All assemblies are multi-stage machine polished and tested for <.55db RL. Meets or exceeds SMPTE 304M/311M standards. Built in-house by LEMO trained technicians at our state-of-the-art fiber shop with full repair services available.

**Custom lengths & configurations always available!**

# LEMO SMPTE HYBRID

**Markertek is Your Established Volume Manufacturer for Hybrid Camera Cables!**

Featuring ultra-precision LEMO machine polished fiber contacts for the most demanding applications for high-speed uncompressed HD video transmissions over long distances. All assemblies multi-stage machine UPC polished and tested for ≤-55dB RL with test results (diagnostics) supplied with each cable. Meets or exceeds SMPTE 304M/311M standards. Built in-house by LEMO trained technicians at our state-of-the-art fiber shop with full repair services available. Custom lengths & configurations always available!

**Precision Machine Polished Cables Exceeding SMPTE Specifications!!**

## LEMO 3K SMPTE Hybrid Fiber Flexible Studio Series Cables

Assembled with premium Belden/Mohawk super flexible US SMPTE standard studio broadcast cable. This composite cable integrates power line for TV camera, control line, and optical fiber for video and audio transmission. The cable is standardized by SMPTE for HDTV Broadcast camera use. Cables consists of two single-mode optical fibers, four 20 AWG and two 24 AWG tinned copper conductors cabled around a steel strength element, with an overall tinned copper braid.

**opticalCON Accessories**

**opticalCON Sealing Covers**

Drop down or stage boxes and certain outdoor devices can benefit from additional protection of the opticalCON chassis connectors. The sealing dust cover encloses the entire shutter group and completely protects the interior from pollutant & ingress of water.

- SCD-NC • Rubber • **Discount \$15.69**
- SCNO-FDW-A • Metal • **Discount \$20.59**

**Clear Spring-Loaded Cover IP65 Rated**

Spring-loaded cover shuts automatically after unplugging the cable connector and seals the chassis connectors against dust and water to IP65. Fits all D-size chassis connectors. **SCCD-W • Discount \$12.11**

**opticalCON Dust Caps**

Hinged cover seals D-size chassis connectors from water, dust and dirt in unmated condition according to IP42. It is available in different colors.

- SCDX Black ..... **Discount \$1.57**
- SCDX-5 Green (indicates single-mode APC) ..... **Discount \$1.57**
- SCDX-6 Blue (indicates single-mode PC) ..... **Discount \$1.57**
- SCDX-9 White (e.g. wall outlet) ..... **Discount \$1.57**

**opticalCON Color Coding Rings**

Color coding ring for opticalCON cable and chassis connectors (SCNO-FDW-R) **NOR-\* • Discount \$1.72**

\* Color coding: NOR-0 = black; NOR-1 = brown; NOR-2 = red; NOR-3 = orange; NOR-4 = yellow; NOR-5 = green; NOR-6 = blue; NOR-7 = violet; NOR-8 = gray; NOR-9 = White

**opticalCON Sealing Gaskets**

The SCDP sealing gasket provides a dust and water resistant assembly for all D-shape chassis connectors to front panels. **SCDP-\* • Discount \$2.62**

\* Color coding: 0-BLACK; 2-RED; 4-YELLOW; 5-GREEN; 6-BLUE; 9-WHITE

**opticalCON 30° Angled Rack Panel**

The 30° forward-turned angled 19" panel for racks in demanding environments protects the installed receptacles well against the ingress of dirt and water. 12 D-shape cutouts with M3 threaded fastening holes.

**NZP1RU-12 • \$69.41**

**opticalCON Rack Panel Frames**

Space saving design, ideal for cramped rack applications such as OB truck I/O panels • Best cable bend protection for mated cables due to 45° angled outlet position • Frame can be equipped with different plates • Plates can be mounted horizontal in the 1RU frame or vertical in the 3RU frame

- NZPF1RU • 1RU • **\$118.90**
- NZPF3RU • 3RU • **\$182.69**

**opticalCON Panel Frames**

The blank NZPFD plates can be loaded with opticalCON DUO or QUAD chassis connectors as well as any D-Mount connector

- NZPFD • 1 Connector • **\$15.33**
- NZPFD-2 • 2 Connectors • **\$35.03**
- NZPFD-4ST • 1 opticalCON & 4 ST • **\$47.73**

**opticalCON Pulling Socks**

The pulling sock is available as single and split versions. Simplifies the installation at a pulling force > 100 kg. The advanced pulling solution offers an optimal protection for the cable connectors in harsh environment.

- FOPS-SINGLE For standard opticalCON Cable Assembly .... **Discount \$38.94**
- FOPS-SPLIT For triple/power split Cable Assembly ..... **Discount \$47.99**

# Markertek

is your factory trained & certified Neutrik opticalCON fiber optic assembly shop serving the needs of broadcasters, integrators and dealers. Our state-of-the-art fiber lab can quickly fabricate assemblies, breakouts, panels, wall boxes and more. The Neutrik opticalCON Advanced fiber optic connector system is fast becoming a broadcast and pro-audio standard for an extremely robust hybrid and multichannel fiber optic connection.

## NEUTRIK opticalCON DUO

The opticalCON system is based on LC-Duplex connectors but eliminates its weakness and guarantees a safe, dust protected and rugged connection. Being compatible to conventional LC connectors the opticalCON DUO offers the choice of using cost effective LC cables or the rugged opticalCON cable assembly for mobile applications. The opticalCON DUO is the ideal solution for equipment connections and system integration offering LC compatibility on chassis connector front and rear. The opticalCON DUO cable connector accommodates a standard optical LC-Duplex connector in a ruggedized and durable all-metal housing. It features a spring loaded push-pull locking mechanism and an excellent cable retention utilizing aramid yarn.

for mobile applications. The opticalCON DUO is the ideal solution for equipment connections and system integration offering LC compatibility on chassis connector front and rear. The opticalCON DUO cable connector accommodates a standard optical LC-Duplex connector in a ruggedized and durable all-metal housing. It features a spring loaded push-pull locking mechanism and an excellent cable retention utilizing aramid yarn.

### opticalCON DUO 2-Channel Field Cables

Assembled 2 fibers rugged and lightweight mobile field cable, excellent cable retention due to aramid yarn, black PUR outer jacket, available in multi- and single mode (PC or APC), military approved.

## NEUTRIK opticalCON QUAD

The opticalCON system is based on LC connectors but eliminates its weakness and guarantees a safe, dust protected and rugged connection. The opticalCON QUAD is based on the proven opticalCON DUO connection system but with four channels it is optimized for Point-to-Point interconnections and multi-channel routing applications. The system copes with the increasing need for fiber optic channels. The opticalCON

QUAD cable connector accommodates four PC optical channels based on conventional and proven LC connectivity protected by a ruggedized and durable all-metal housing. It features a spring loaded push-pull locking mechanism and an excellent cable retention utilizing aramid yarn.

### opticalCON QUAD 4-Channel Singlemode Field Cable

Assembled, rugged and lightweight 4-channel mobile field cable, excellent cable retention due to aramid yarn, black PUR outer jacket, available in single and multi mode (PC or APC).

### opticalCON DUO Multimode Tactical Cables

Multimode DUO Tactical assemblies are extra rugged. Tactical cable has 2 multi-mode fibers, and aramid yarn as cable retention and strength member. The opticalCON DUO cable connector uses a standard optical LC-Duplex connector in a ruggedized and durable all-metal housing. It features a spring loaded push-pull locking mechanism and an excellent cable retention utilizing aramid yarn. The optical connection is exceptional well protected against dirt and dust by an automatically operated sealing cover. Features OM3-50u Laser Enhanced Fiber for the most current high speed fiber interfaces.

| opticalCON DUO Multimode Cables |                        | opticalCON DUO MM Cable with Tac Reel |           |

**Locking Protection!**

**Complex Singlemode ProTac Fiber Optic Snake Reels**

**Extremely Rugged & Lightweight Tactical Fiber Snakes Designed for Broadcast & Pro-AV Applications!**

Tactical fiber cable reels designed for Broadcast & Pro-AV deployments and manufactured to meet all outdoor rated crush and impact resistant applications. The tough Thermoplastic Polyurethane Core-Locked design is perfect for any situation where ordinary PVC jacket cables do not provide adequate protection in the field. Featuring Senko LC or ST premium fiber connectors. All assemblies are machine polished and interferometer tested to industry standards. All products are 100% tested and a complete set of test documentation of your cable is available upon request.

- Complex Tactical Cable & Senko Heavy Duty Connectors with Dust Caps
- Broadcast Deployable
- Indoor/Outdoor rated jacket.
- Typical RL <-55dB and IL<0.25dB.
- Wide temperature range (typically -55°C to 85°C)
- 500um primary acrylate buffer with 900um secondary hard buffer
- Excellent crush and impact resistance due to their polyurethane Core-Locked outer jacket
- Designed to withstand crush and impact after deployment
- Strong, lightweight and extremely durable cable

**Complex Singlemode ProTac Fiber Optic Snake Reels**

All prices below INCLUDE fiber optic cable reel with unique connector protection cavity and hinged latching door.

**Heavy Duty Crush Resistant Tube with Pulling Eye**

**Complex ProTac Field Snakes**

**The Ultimate Fiber Optic OB & ENG Tactical Snake!**

The Complex ProTac tactical snake is a special ruggedized version of our popular fiber optic snakes featuring a translucent, crush resistant, reusable protective tube for pulling and field deployment.

The ProTac series offers maximum critical protection where it's needed most, at the Connector and Fan-Out area. Fan-outs are safely housed in the ProTac cover and the cover has a convenient pulling eye. Designed for maximum protection, the ProTac fiber deployment reel system is IP68 rated with the pulling sock is installed. The pulling eye and tactical sleeve protect fiber and connectors by transferring the tensile or pulling force to the cable structure.

**Complex Tactical Fiber ENG Cable Reels**

**The Ultimate Fiber Optic ENG Field Snake!**

Complex delivers the industry's only single camera fiber optic ENG snake reel deployment solution. Provides two (2) fiber optic singlemode ST connections for camera send and receive in addition to two (2) balanced XLR audio lines with 3-pin XLR intercom channel. Designed for the demanding use of ENG deployment and an ideal companion for any camera utilizing Telecast Rattlers and similar camera converter systems with ST fiber connectors.

ENG fiber reels feature Furukawa outdoor rated fiber optical camera cable. Fiber connectors are high quality machine polished Senko ST. Fiber termination is fully tested to meet or exceed industry standards for Insertion Loss <= 0.5dB and Return Loss >= 45dB. Audio channels feature industry standard Neutrik XLR connections for the most reliable audio interconnect.

## Singlemode Tactical Fiber Optic Snake Reels

*Extremely Rugged & Lightweight Tactical Fiber Snakes Designed for Broadcast & Pro-Audio Applications!*

- Built by Markertek with OCC Multichannel Tactical Cable & Heavy Duty Connectors with Dust Caps
- Individual Channels Ruggedized with Techflex Protection & 24" Fanout
- Compact, round cable design for ease of transportation and deployment
- Crush-resistant and resilient with a thick layer of aramid strength members
- Polyurethane jacketed for abrasion, cut and chemical resistance
- Meets & Exceeds MIL-PRF-85045 Specifications!
- Designed for use in adverse environments where reduced size and weight are important
- Cables have been tested and are in use in military data communication applications worldwide
- Helically stranded cable core for flexibility, deployment survivability and exceptional mechanical protection for the optical fibers
- Can be used outdoors for temporary deployment directly on the ground in all terrains, including severe environments
- Suitable for outside broadcast, industrial, mining and petrochemical environments - chemical resistant

**Complex Multimode LC Fiber Optic Splitter Cables**

A Complex exclusive 1x3 fiber optic passive splitter. Multimode fused splitters offer a handy solution to split optical signal for routing to multiple devices, inputs or patch panels when used with a Neutrik NZPFD-2.

1x3 splitters provide 100-33/33/33 split. Multimode splitters are designed to operate with 850nm and/or 1300nm.

Note: These assemblies are not for combining optical signals, however, they can be used as alternate inputs when accounting for optical budget losses.

**FEATURES:**

- Multimode fused optical splitter
- LC fiber assemblies split 1 into 3 or 1 into 2 signals
- 1x3 offer 100 to 33/33/33 split
- 1x2 offer 100 to 50/50 split
- Splits optical signal for routing to multiple devices or inputs
- Operate with 850nm and/or 1300nm
- Can be used with Neutrik NZPFD-2

## Complex Singlemode Tactical Fiber Optic Snakes (No Reel)

Ruggedized multi-channel fiber optic cables designed to meet military tactical deployment requirements in field production, outside broadcast, rental houses & more. Highly flexible tight-buffered tactical cables with internal aramid strength members for crush resistance in high traffic areas and a polyurethane outer sheath designed to withstand crushing by both military tanks and Outside Broadcast vehicles. All assemblies are multistage machine polished and tested for <math>< -55\text{dB RL}</math> with test results for each channel supplied with each cable. Custom lengths & configurations always available.

## Complex Single Channel Tactical Fiber Cables

These cables are designed for Military Tactical deployment applications and meets all outdoor tactical needs for broadcast applications requiring an outdoor rated crush and impact resistant design. The tough Polyurethane Core-Locked design is perfect for any situation where ordinary PVC jacket cables do not provide adequate protection in the field. Featuring Senko ST and LC premium fiber connectors. All assemblies are machine polished and 100% interferometer tested to industry standards. All products shipped with a complete set of test documentation.

## Complex Simplex Singlemode APC Fiber Optic Tactical Adapter Cables

Complex now offers APC standard cables as well as the convenience of APC to UPC fiber adapter cables both offered in a rugged Military Tactical deployment cable. Features the same tactical used in broadcast applications requiring an outdoor rated crush and impact resistant design. The tough Polyurethane Core-Locked design is perfect for any situation where ordinary PVC jacket cables do not provide adequate protection in the field. Featuring Senko ST and LC premium fiber connectors. All assemblies are machine polished and 100% interferometer tested to industry standards. All products shipped with a complete set of test documentation.

## HYMOD SMPTE Hybrid Modular Patch Panel

*Design Your Own Perfect SMPTE Hybrid Patch Panel!*

Available in 8 position 2RU or 6 position 1RU, this modular SMPTE Hybrid patch panel system provides a robust and modular design allowing quick and easy on-site maintenance and replacement of any module saving time and money. Fully customizable - mix & match modules to add Triax, ST and other connector configurations to your SMPTE Hybrid panel at any time.

The HYMOD system is more advanced than other SMPTE modular patch panel systems on the market with special improvements such as a more compact design and adjustments to flush or recess the entire panel in your rack.

Each connector module sits flush to create a professional appearance with no unsightly gaps. All visible parts have a professional black anodized finish and assemble in minutes with included hardware kit.

**Custom modules available on special order.**

**Super Serviceable!**

**HYMOD  
SERIES**

**1RU or 2RU Frame Kits!**

**FEATURES:**

- Heavy Duty Universal 1RU & 2RU Frame Kits
- Choose up to 8 Interchangeable Modules
- Mix or Match SMPTE 311M, opticalCON, Triax & More
- Quick Change Modules for On-site Maintenance
- Custom Modules & Plates Available

**HYMOD-FR1 • Empty 1RU Frame Kit - Accepts Any 6 Modules Below • \$139.93**

**HYMOD 1RU Frame Modules with Connectors (Choose up to 6 Modules)**

**HY45  
SERIES**

**"HY45" Series 45° 8-Position 2RU Modular Patch Panels**  
*Unique 45 Degree 2RU System Perfect for SMPTE Hybrid!*

Design and build custom connector panels and cabinets using the "HY45" modular components. Assembles easily using our unique 45 degree 8 position 2RU rack panel as a starting point and filling it with up to 8 pre-punched modules and your connectors and SMPTE Hybrid breakout cables. All hardware sits flush to create a professional all black appearance with no unsightly gaps. The "HY45" system is designed with SMPTE Hybrid in mind with the ability to add triax, Neutrik OpticalCON, ST and others in the same 45 degree rack panel. Perfect for truck I/O panels, studio to control rooms, stadiums, arenas and more.

## HDTV SMPTE HYBRID to ST Fiber Optic Adapters

Use Conventional Fiber with Your SMPTE Hybrid Cameras!

Convert SMPTE hybrid to conventional single mode ST fiber cable with these robust in-line adapters. Converting SMPTE Hybrid cables to conventional fiber cables lowers the cable cost and increases the distance for reliable camera connections. Extremely durable extruded aluminum housing for harsh production environments with fiber connectors recessed to prevent damage. Square design to prevent rolling. Dust covers included. Perfect for sports broadcasting, stadiums & more.

**HYDAP-F1** SMPTE 304M Female to Twin ST Fiber Connectors ..... Reg. \$399.95 • **\$384.95**

**HYDAP-M1** SMPTE 304M Male to Twin ST Fiber Connectors..... Reg. \$449.95 • **\$424.95**

Models also available with optional power tap to interface with camera CCU: 5-Pin or 8-Pin AMP CPC Connector or Male or Female XLR and are wired to the copper conductors of the SMPTE hybrid connector.

## CAMPLEX® HDTV SMPTE Hybrid to Neutrik opticalCON Fiber Optic Adapters

Brand Fiber Gear

Convert SMPTE Hybrid to Neutrik opticalCON!

SMPTE 304M to Neutrik opticalCON DUO bulkhead standard LC fiber connector adapters. For use with conventional dual LC cables or with heavy duty opticalCON 2-channel cables.

**HYDAP-FNT1** SMPTE 304M Female to Neutrik opticalCON DUO..... Reg. \$629.95 • **\$589.95 each**

**HYDAP-MNT1** SMPTE 304M Male to Neutrik opticalCON DUO Adapter ..... Reg. \$669.00 • **\$649.00 each**

Models also available with optional power tap to interface with camera CCU: 5-Pin or 8-Pin AMP CPC Connector or Male or Female XLR and are wired to the copper conductors of the SMPTE hybrid connector.

Rugged!

### Complex SMPTE Hybrid & Neutrik opticalCON Fiber Optic Breakout Boxes

Handy rugged and weatherproof Complex fiber optic adapter-breakout boxes are used to adapt Neutrik opticalCON DUO and opticalCON QUAD connectors to SMPTE Hybrid, ST, LC or SC fiber connectors. All models are housed in a field serviceable NEMA weatherproof polycarbonate box with rubber gasket for rigorous indoor and outdoor use. Highest quality SENKO fiber connectors are used with integral metal dust caps.

# FIBERJUICE

Safe DC Power for Fiber

Add Power to Your SMPTE Neutrik opticalCON Fiber Optic Cables

**Huge Cost Savings! No More Batteries at the Camera End!**

Deliver safe, low voltage camera power up to 328 feet over opticalCON SMPTE standard fiber optic cables with this Complex FIBERJUICE power supply system. The **Complex FIBERJUICE** system injects power over Neutrik opticalCON SMPTE DUO cables for powering outside broadcast & field production cameras to eliminate the need for local power & batteries at the camera end. Delivers enough juice to power cameras, lights, lens control units and more!

The **FIBERJUICE system** is comprised of two modules. The power injection base station [Base-Unit] and a smaller light-weight opticalCON camera output box [Camera-Pack]. The Base-Unit at the front end combines 2-channel fiber from your fiber converter AND power (from AC source) on a single opticalCON cable. The Camera-Pack breakout box delivers safe, regulated 12-Volt DC power to the camera & its accessories as well as 2 channels of fiber I/O.

**NEW!**

**Complex CMX-3G-4SDI 4-Channel 3G-SDI Multiplexer Over Singlemode Fiber Extender**

The Complex CMX-3G-4SDI multiplexer simplifies 3G-SDI distribution by combining up to 4 cameras or sources and converting them to one singlemode fiber run. Not only will the CMX-3G-4SDI overcome the longest of traditional coaxial distance limitations, but will also overcome signal loss and interference issues inherent in a long length copper cable. The conversion to a single fiber run saves install time making shoots quicker to set up and more cost effective versus running 4 separate camera feeds.

The CMX-3G-4SDI is a complete transmitter and receiver kit delivering plug-and-go operation right out of the box. Each unit houses industry standard ST locking fiber connectors as well as XLR power connections. The transmitter and receiver support SMPTE-424M 3Gbps HD-SDI for transmission up to 6 miles. Add in a Complex tac reel and you're ready for any 4 camera shoot at sports venues, live productions or public access events.

**CMX-3G-4SDI • CALL FOR PRICE**

**FEATURES:**

- Converts 4 - 3G SDI camera inputs to one singlemode fiber
- Saves space and set up time
- Extends transmission distance
- Immune to EMI
- Supports SMPTE-424M 3Gbps HD-SDI transmission up to 6 miles

**SPECS:**

- ST Fiber Connectors
- XLR Power Connections
- Input Power: 12VDC
- Power Consumption: 8W
- Dimensions: 6.6 x 6.06 x 1.77 in/168 x 154 x 45mm (each unit)
- Weight: 2.75 lb/1.25kg (each unit)

**Complex HDMI to Fiber Converter & 10 Mile Extender**

Convert your HDMI inputs and outputs to ultra-long length, low cost fiber optic cables with this

**CAMPLEX**  
Brand Fiber Gear

cost effective transmitter & receiver system. Extend and send HDMI over 10 miles. A complete system perfect for extended use of HDTV,

LCD monitors, digital projectors, plasma TV's and other equipment requiring HDMI to Fiber conversion. Latest Complex Technology • Send HDMI over 10 Miles of Singlemode Fiber • Perfect for All Long-Length Monitoring Applications • Rugged, Lightweight, Fast & Easy to Deploy • Full IR Remote Control

**CMX-HDMIIF** ..... Reg. \$341.49 **Discount \$295.00**

**Complex 3G-HDSI Fiber Converter & Extender System**

- Supports all Signals up to 3G-SDI 1080p60
- Full Equalizing & Redocking Inputs
- SFP Modular Fiber I/O LC Fiber SFP Included
- Singlemode Operation
- Looping Output on Both Transmitter & Receiver
- Rugged, Lightweight, Fast & Easy to Deploy
- Compact Enclosures

Complex delivers the market's most cost effective solution to convert 3G-SDI to ultra-long length, low cost fiber optic cables. A complete transmitter & receiver system that's perfect for monitoring, video production, house of worship applications, sports video arenas, digital signage systems & more. The system fully supports signals up to SMPTE 424M 3G-SDI 1080p60 and transmission distances to 6 miles or more.

**CMX-TACNGO-SDI**

**CMX-TACNGO-HDMI**

**Tac-N-Go HD-SDI & HDMI Over Fiber Tactical Reels**  
*Video & Long Run Fiber Reel in One Field Deployable Package!*

Convert and extend your 4K, 3G-HD or HDMI signals over 1000 feet of tactical fiber optical cable using Complex Tac-N-Go systems. Complete cost effective, field deployable fiber optic converter systems built in to a tactical fiber cable reel system from Complex. Tac-N-Go systems feature a built-in transmitter on the cable reel. Deploy as much fiber as you need - up to 1,000 feet - and connect your receiver at the head end. How simple is that!

Super rugged cable reels and tactical grade fiber optic cable deliver the handy convenience of rapid field deployment in any environment. Whether its a recorder, monitor, projection system or any other device - the Tac-N-Go system is perfect for extended use of HDTV, LCD monitors, digital projectors, plasma TV's and more. Systems feature professional ST Fiber connectors to give you the added assurance that you're always connected.

**Systems include Transmitter, Receiver, 1,000 Feet of Tactical Fiber & Super Rugged Cable Reel.**

**Enclosed ST Fiber Optical Rack Mount Cabinet**

Enclosed rack mount optical fiber interface cabinet provides a safe and clean environment for sensitive optical cables, breakouts and splices. Heavy gauge USA made steel rack box with removable cover and high quality ST Zirconia sleeve fiber connectors for precise optical alignment and low insertion loss for long lasting durability. Metal dust covers. Designed to fit in a standard 19" rack/cabinet. 19"W x 8.3"D x 1.5"H

## Complex MTP Elite Fiber Breakout Cables

- Low insertion loss and optimized optical return loss values
- Designed for permanent external breakout installations
- ST and LC breakout connectors
- Made and tested in the USA

**EXTERNAL BREAKOUTS** are ideal for rack-to-rack or rack-to-equipment installations in the studio or for field deployment.

**INTERNAL BREAKOUTS** are ideal for rack cabinets, splice boxes, and field enclosures.

Complex MTP breakout boxes are a convenient way to breakout your MTP cables to a variety of other connectivity formats and are ideal for rigorous indoor and outdoor use. The Complex breakout box allows adaptation from opticalCON MTP N012FDW-A connectors to 12 ST female single mode chassis mount connectors. Lightweight NEMA boxes include dust caps for dust and weather resistance and include rubber feet to prevent sliding.

# CERTIFIED FIBER REPAIRS

Make Markertek Your #1 Fiber Optic Repair Source for ALL of Your Assemblies.

**WE FIX IT ALL!**

We are an established high volume factory certified and trained custom fiber shop geared specifically for the needs of Broadcast, Pro-Audio and Pro-AV Industry Professionals.

Send us your defective SMPTE Hybrid, Tactical multi-channel snakes, Singlemode and Multimode cables and we will perform optical and electrical tests with our state-of-the-art OTDR and TDR testing equipment as well as full visual inspection. We will provide a written estimate and visual diagnostic report detailing the necessary repairs for each cable to bring your assemblies back to great working order. Average cable repair time is 10 days.

# BLACKJACK

## 4K Camera Mounted Fiber Transport System

**Any Camera!**

**Utilizing**

**ATEM Optical Fiber Camera Converter**

Save thousands over conventional camera mounted fiber systems by ordering the BLACKJACK camera back fiber interface! The BLACKJACK utilizes the famous Blackmagic ATEM fiber camera converter (ordered separately) featuring 2 channels of bidirectional video, talkback, mic inputs & tally for any SDI or HDMI camera or camcorder! The BLACKJACK ruggedizes the ATEM with a heavy duty Neutrik opticalCON broadcast connector for real world field production. The BLACKJACK also has many low cost camera mount (V-Lock, Anton Bauer, Rail & More) & power options. Complete BLACKJACK systems are available as well as custom length fiber cable reels & other solutions all designed to lower the cost of on-camera broadcast fiber!

- **Any Camera or Camcorder**
- **4K Broadcast Quality Up to 28 Miles Over Low Cost Optical Fiber**
- **Perfect for Sports Video, ENG, OB, Arenas & More!**
- **Rugged, Lightweight, Fast & Easy to Deploy**
- **Converts ATEM Dual LC Fiber Output to Robust Neutrik opticalCON Fiber Broadcast Connector**

**BLACKJACK-1 • \$335.00**

**LOW COST 4K FIBER!**

### BlackJack Sandwich Adapter Plates

Each sandwich adapter plate mounts on either or both sides of the Blackjack camera adapter.

**SMPTE 304M Hybrid Fiber Care Kit**

Our hybrid fiber connector cleaning kit is not a pipe dream but is designed by actual broadcast professionals for LEMO SMPTE 304M connector cleaning.

**Kit includes:**

- (1) Electro Wash PX Non-Residue Fiber Optic Cleaner
- (1) 100 Pack 4x4 Lint-Free Precision Wipes
- (1) LEMO SMPTE Hybrid Alignment Tool
- (1) IBC One-Click Cleaning Tool with 2.0mm Tip
- (1) Deluxe Nylon Zippered Tote
- (1) SMPTE Hybrid Connector Cleaning Instructions

**FIBERCLEAN-1 • Discount \$149.95**  
**opticalCON Fiber Care Kit**

Our opticalCON connector cleaning kit is designed especially for cleaning Neutrik opticalCON & LC connectors on cables, patch panels and wall boxes. All you need in one handy package!

**Kit includes:**

- (1) Sticklers CleanStixx Swabs for 1.25mm LC & MCU Fiber
- 50-Pack
- (1) Sticklers Non-flammable Fiber Optic Splice/Connector Cleaner 3 Oz Spray
- (1) IBC-LC One Click LC Connector Cleaner
- (1) Chemtronics Lint Free Wipes - 50 Pack
- (1) Deluxe Nylon Zippered Tote

**FIBERCLEAN-2 • Discount \$144.95**

**Expanded Beam Fiber Care Kit**

All you need to clean Expanded Beam connectors in one handy package! Kit includes: • (1) Sticklers POC03M Nonflammable Fiber Optic Splice/Connector Cleaner 3 Oz Spray • (1) Chemtronics 11g Electro-Wash MX Fiber Optic Cleaning Pen • (1) Sticklers XMT CleanStixx Swabs for SMA / MPO / MTP Fiber Connectors - 50-Pack • (1) Deluxe Nylon Zippered Tote

**Lint-Free 4"x4" Precision Wipes**

Lint-Free Precision Wipes are ideal for any successful fusion splice kit for cleaning the fusion splicer and work area. 100 4"x4" wipes.

**Chemtronics CHM-6704F • Discount \$3.45**

**5-in-1 Fiber Optic Stripper**

Delivers precise strips and new dual-durometer ProGrips for improved control • Precision ground stripping cavities for: 2.0 - 2.4 mm outer jacket, 2.0 - 3.0 mm loose tube, 2.8 - 3.0 mm outer jacket, 900µm buffer insulation, 900/125 µm and 250/125 µm buffer/acrylate • Factory Calibrated

**PAL-1171 • Discount \$57.95**

**CAIG Labs K-F079 Fiber Optic Cleaning Kit**

CAIG Laboratories Fiber Optic Cleaning Kit is made in the USA and gives the technician everything needed to clean fiber optic connections and prepare fiber for splicing. Works with LC, SC, ST, and Neutrik OpticalCON fiber connectors. All of the accessories are lint free and the CAIG Fiber Cleaning Fluid is fast to evaporate and leaves no residue. Uniquely, this kit also includes CAIG's Precision Air Duster that facilitates removal of any loose debris and other contaminants at the outset of cleaning. The multiple sizes of swabs and cleaning sticks, and the polyester cellulose wipes included in the kit allow for the cleaning of the splicer, ferrule faces/tips, sleeves and connections of different sized fibers. All of these accessories come in a convenient double walled carrying case for lightness and functionality.

**CAIG-K-F079 • Discount \$59.95**

**Chemtronics CFK1000 Fiber Optics Cleaning Kit**

All the cleaning supplies necessary for a successful fusion splice and 2.5mm fiber optic connection in this convenient kit. Electro-Wash PX Precision Fiber Optic Cleaner and QbEr Cleaning System are included for performing the CCp. Swabs and wipes are included for cleaning the fusion splicer and work area. Swabs are also included for cleaning ferrules, alignment sleeves and backplane connections. Electro-Wash MX Premoistened Wipes are included for tool and cable wiping. All the swabs are packaged in rugged tubes for field operations. The kit bags are made from tough nylon for long life. They are equipped with a carabiner to clip on a tool belt for transport or to clip a cable for convenient access.

**1 - QBE CLEANING SYSTEM (200 SHEETS)**

- 1 - Electro-Wash PX Precision Fiber Optic Cleaner (ES810)
- 1 - 50 Pk 2.5mm Foam Fiber Optic Swabs
- 1 - 50 Pk V-Groove/Ferrule Cleaning Swabs
- 1 - 15 Pk Fusion Splice Mirror Swabs
- 1 - 100 Pk 4"x4" Lint-Free Precision Wipes
- 5 - Electro-Wash MX Premoistened Wipes
- 1 - Instructions
- 1 - Rugged Bag with Carabiner Attachment

**CHM-CFK1000 • Discount \$129.99**

**IBC "One-Click" Fiber Cleaners**

**Cleans SMPTE 304M & 358M Connectors in Broadcast & MIL/COTS 2.0mm Connectors!**

Mechanical cleaning tools designed to clean connectors residing in an adapter or faceplate and unmated connectors. Tools use a novel dry cleaning strand to gently sweep and lift away dust and residues from the connector end face. • Simple pushing motion to engage tool • Audible CLICK to alert the operator when tools is fully engaged • Over 525+ engagements per unit • Dry cleaning strand eliminates the need for solvents to be effective • Crush resistant to over 250N • Impact resistant to survive drops over 1.5M • Cleans plug and socket terminals

**Chemtronics Fiber-Wash Optic Cleaning Pen**

The convenient pen dispenser with the extra-strength, non-flammable, transportable cleaning solvent! • Non-flammable and non-hazardous formulation provides safe travel convenience and transportability • Effectively and efficiently removes handling soils, dust, oils, greases and contamination found in the fiber optic environment; especially the FTTx environment • Specifically designed to clean with SqR, QbE and p-QbE Cleaning Systems using the Combination Cleaning process • Pinpoint controlled dispensing of cleaning solution

**CHM-FW2190 • Discount \$8.59**

**2.5mm Fiber Optic Swabs**

Versatile, effective and cost-efficient swab for cleaning end faces and equipment test ports! • 2.5mm Flexible swab head conforms to connector face • No adhesives, binders, or fibers to leave residues • Can be used with Electro-Wash PX Fiber Optic Cleaner or Electro-Wash CZ for all types of soils and contaminants • 50 swabs per tube

**CHM-48042F • 3" L • Discount \$13.39**  
**CHM-48062F • 6" L • Discount \$18.39**

**Fiber-Wash Cleaning Pen**

Specifically formulated for cleaning all fiber optic connectors • Removes handling soils, dust, oils, and airborne contaminants • Completely portable and easily transportable • Cleans alone, with the QbE Cleaning Platform, or in the Combined Cleaning process • Cleans and eliminates electrostatic deposits of airborne contaminants • Can be used for all fiber optic connector repair and maintenance applications, including: Connector end face cleaning, Cleaning fiber and splice trays, pre-splice, Cleans tools and meters, Cleans cables

**Chemtronics**

**CHM-FW2150 • Discount \$8.19**

**"To-Go" Combo Cleaning Kit**

A compact fiber optics compact cleaning kit. Cleans up to 40 connection endfaces • Removes all soil types • Kits includes SqR precision wipes & Electro-wash MX fiber optics cleaning pen

**CHM-CCK-1 • Discount \$18.29**

### QbE Fiber Optic Wipes

**Chemtronics** Complete fiber optic cleaning system  
 • Effective wet or dry connector cleaning (both options)  
 • Use Electro-Wash PX (below) for wet cleaning • 200 Wipe Pack

**QBE • Discount \$39.95**

### Pocket Sized Fiber Cleaning Platform

Complete Fiber Optic Cleaning System – No refills to buy or investment in expensive mechanisms to maintain  
 • Effective “Wet” or “Dry” Connector Cleaning – The only cleaning system that gives both options: For “Wet” cleaning use Electro-Wash® PX Fiber Optics Cleaner or blot connector on Electro-Wash® MX Presaturated wipe first • Provides the Ideal Cleaning Surface – The QbE® cleaning platen is perfect for outside plant or OEM application • Convenient Size – Portable cleaning system easily fits in tool cases or stores on work benches • Heavy Duty Lint-Free Wiping Material – Tough enough to remove buffer-gel; soft enough for all end-face cleaning. Won’t shred or tear • 200 Wipe Pack

**CHM-PQBE • Discount \$42.99**

### Chemtronics

#### Fiber Electro-Wash PX

Safe on plastics • Xtra cleaning strength • Ozone safe • Dries fast • Leaves no residue • Removes organic and ionic soils • Liquid may be used in cold dip and rinsing applications • Removes oils and hydraulic fluids from mechanical assemblies • Cleans handling soils from circuitry before re-assembly • Removes grease from assembly lines • Cleans fiber optic connectors • Flammable • Use with QBE or Coventry wipes 5.0 oz. Aerosol

**ES810 • Discount \$13.39**

#### Fiber Electro-Wash CZ

**The First Non-Ozone Depleting, Nonflammable Fiber Optic Cleaner Safe for use on Plastics & Fiber!**

A high performance, ultra-safe “drop-in” replacement to all CFC and HCFC chemistries. CIROZANE-based products offer all the performance of CFCs and HCFCs without any ozone depleting compounds. • Safe on plastics • Nonflammable • Regular cleaning strength • Ozone safe • Still the best CFC-113 and HCFC replacement • Dries fast • Leaves no residue • Removes handling soils from live circuits • Cleans oil and residue from sensitive surfaces • Safely cleans connector end-faces

**ES7100 • Discount \$47.39**

### Chemtronics

#### Electro-Wash VZ

Heavy duty, quick penetrating precision cleaner & degreaser helps restore and improve electrical continuity for all types of contacts & switches. Aerosol spray. Ozone Safe. 12 oz.

**ES6100 • Discount \$23.95**

### Sticklers CleanStixx Swabs for Fiber

**Only Sticklers CleanStixx fiber optic swabs can clean any connector, any size, any configuration, just about every time.**

The new Sticklers CleanStixx fiber optic cleaning swabs are the best answer for cleaning fiber optic connectors. When used with the new Sticklers Fiber Optic Splice and Connector Cleaner, only CleanStixx can consistently and reliably meet the demanding cleaning performance required on today’s gigahertz networks. Each CleanStixx swab uses a unique, patented, high-purity fibrous tip to clean fiber optic end-faces. The tip is precision molded to be slightly narrower than the alignment sleeve. This enables the tip to spin off-center and greatly improves cleaning results - even on small form factor connectors. Designed to be used with the Sticklers Fiber Optic Splice and Connector Cleaner, CleanStixx swabs out-perform foam or cloth swabs. Plus, the fast-drying Connector Cleaner makes “wet-dry” cleaning a snap. Each CleanStixx swab is color-coded for the type of connector it is designed to clean. This makes training easy, and with a quick glance you can confirm you have the right CleanStixx swab for the job at hand. The fibers at the tip of each CleanStixx swab spread during cleaning. The fibers grab particulate other cleaning swabs can’t lift or dislodge. Capillary action wicks liquid contamination off the end-face and up into the fibers, while the tip flexes to conform to connector end-faces, including APC styles, so no extra tools are required.

### Sticklers Nonflammable Fiber Optic Splice Connector Cleaner

The new Sticklers Fiber Optic Splice and Connector Cleaner is the only cleaner on the market engineered for fast, reliable and consistent “wet-dry” cleaning. When used as a “wet-dry” cleaner, the Connector Cleaner dissipates the static that “locks” particulate on to end-faces, so it easily removes particulate, dust and lint. More importantly, the dissipative property assures that a static charge will not be left on the connector which can re-attract airborne particulate. Use with this cleaner with the Sticklers CleanStixx when cleaning fiber optic connectors and inside alignment sleeves. It also is the best choice for cleaning with the Sticklers Outdoor CleanWipes which are perfect for field technicians working up on poles and down in manholes, and with the Sticklers Benchtop CleanWipes used generally indoors or in protected areas.

**STICK-POC03M • 3 Oz Spray • Discount \$15.99**

### TechSpray Fiber Optic Swabs

High-precision foam swab for fiber optic connectors ideal for removing transmission disrupting contaminants in bulkhead connectors. The head conforms to the various connector shapes, cleaning the conductor bulkhead corners inside the bulkhead pocket. Foam fiber optic swabs are an economic choice over wrapped swabs. Tips are heat bonded, so no contaminating glues have been used.

**TESP-2316-50 • 1.25mm, 50 Pack • Discount \$26.99**

**TESP-2317-50 • 2.5mm, 50 Pack • Discount \$28.99**

### Sticklers Benchtop Lint-Free Fiber Optic CleanWipes

Sticklers CleanWipes benchtop wipes are high quality, lint-free wipes engineered for use on bare fiber before splicing, and also for cleaning fiber optic jumpers. They are exactly the right size and the right material to make “wet-dry” cleaning simple and cost-effective. The Benchtop CleanWipes will deliver the best results when used with the Sticklers Fiber Optic Splice and Connector Cleaner. When dampened with the Connector Cleaner, the Benchtop CleanWipes provides the convenient “wet-dry” cleaning which has been shown to deliver improved results over traditional methodologies. The CleanWipes wipes are made with a soft, clean, polyester fabric. The material does not contain any glues, bleach or cellulose because those are contaminants that could be deposited onto an end-face. The fabric is very strong and resists shredding and tearing, even on LC connector end-faces. With excellent absorbency, these CleanWipes lift away fingerprint oils, grime, dust, polishing media and lint. Because the CleanWipes are cleaner than traditional wipes, they also are ideal for cleaning bare fiber and fiber optic connector end-faces, plus lenses, mirrors, diffraction gratings, prisms and test equipment.

## Delvcam 9.7" Dual Input HDMI Monitor

The Delvcam DELV-HDSD-10 is a 9.7 inch 4:3 IPS LED HD broadcast monitor with dual HDMI inputs, component video and built-in sun hood. Optimized for studio and video editing work. The 9.7" LCD used in 969A/P is the ideal size for a small broadcast monitor. Large enough to pick out the finest details in a shot, but small enough to fit on any desk. High resolution is important to broadcast monitors because the higher resolution, the more detail you see. The physical high resolution (1024x768 pixels) provides clarity at an aspect ratio that works well with 16:9 content and 4:3 content. Delvcam understand that accurate colour representation is a vital attribute of a broadcast monitor. That's why DELV-HDSD-10 features a 600:1 contrast ratio LCD with IPS technology. Broadcast monitors are often viewed by many different people at all angles, so the 178 degree viewing angle ensures the content does not get distorted. Foldable sunhoods are now included across all Delvcam's pro-AV products. DELV-HDSD-10's smart sunhood folds away to be a screen protector for the LCD, ideal for broadcast environments where mini monitors are exposed to lots of moving around! DELV-HDSD-10 includes an HDMI-output feature which allows customers to duplicate the video content onto a second monitor - no annoying HDMI splitters required. The second monitor can be any size and picture quality will not be affected.

**Ocean Matrix 5x1 HDMI Switcher**

**OCEAN MATRIX**

A high performance 5x1 HDMI switcher with remote control. Simple remote control operation for selecting a desired HDMI source to be routed to a high definition HDMI display. Switcher is tested to guarantee resolution up to 1080p without signal degradation. HDMI v1.3b and 1080P@24Hz 3D source support.

**Specifications:**

- Input Video Signal: 0.5 -1.0 volts p-p • Input DDC Signal: 5 volts p-p (TTL)
- Max Single Link Range: 1920 x 1080
- HDMI Resolutions: 480p/576p/720p/1080i/1080P; 1080P / 24HZ 3D source.
- DVI Resolutions: 480p/576p/720p/1080i/1080p
- XUVGA Up to 1920x1200 • Bandwidth: Up to 225MHz
- Power supply: DC 5V@1A • Max. Power: 1.0W
- Battery: CR2025 (not included) • TMDS Voltage 1Vp-p
- Resistance: 75 Ohm • Max Transmission Length: 10 meters

**Ocean Matrix 1080p HDMI Extender over Single Cat5/5E/Cat6 Network Cable with HDBIT/IP**

The Ocean Matrix OMX-HDMI-HDBIT extends high definition audio/video transmission beyond the standard distances for HDMI cable limitations via HDBIT technology. Consisting of a transmitter and a receiver, this system delivers full 1080P HDMI signal up to 394 feet over a single Cat5/5E/Cat6 network cable with or without network switches, and network routers.

**OCEAN MATRIX HDMI™**

**Unlimited Extend and Split Capability**

The system incorporates HDBIT (High Definition Digital bit Transmission Technology) protocol for better image clarity and high performance over long distances without a converter. This technology allows signal distribution through switches and routers to multiple receivers and displays without loss in image quality. Works perfectly when implemented over an IP network, allowing simple function of 1 to 1 or 1 to multiple cascade setups.

**Plug and Play**

The OMX-HDMI-HDBIT extender is compatible with new and existing systems without rewiring and automatically adapts to various cable lengths up to 394 feet. IR signal transmission allows for remote control of the source at a secondary location using IR extension cables (included).

Ideal for projections screens, home theatre, outdoor advertising, remote conferencing, CCTV, high-end security, and remote HD monitoring.

**OMX-HDMI-HDBIT..... Reg. \$264.95 Discount \$239.95**

**Ocean Matrix 200' 1080p HDMI Extender over Single Cat6 with Looping Out**

**OCEAN MATRIX HDMI™**

The Ocean Matrix OMX-HDMI-CAT6 extends HDMI based high definition video/audio beyond the standard distances of HDMI cable and its inherent limitations. Consisting of a transmitter and a receiver, this system delivers full 1080P HDMI signal up to 197 feet over a single CAT6 network cable. The system

fully supports 1080p resolutions as well as IR control over the same cable run.

The transmitter features a built-in HDMI loop-out for local display and monitoring. IR signal transmission allows for remote control of the source at a secondary location with two IR extension cables (included).

**Ideal for projections screens, home theatre, outdoor advertising, remote conferencing, CCTV, high-end security, and remote HD monitoring.**

Support Resolution: 480i@60Hz, 480p@60Hz, 576i@50Hz, 576p@50Hz, 720p@50/60Hz, 1080i@50/60Hz, 1080p@50/60Hz. Network Cable: Low resistance and consumption oxygen-free copper core UTP or STP. Transmission Range: 1080p resolution up to 197 feet (60m). IR Remote Control: Supports 20~60KHz standard IR remote controls. Power Supply: 5VDC/1A. Power Consumption: Transmitter 3W, Receiver 2W. Dimensions (LxWxH): 2.82x2.62x0.97in (71.6x66.6x24.8mm) per unit. Weight: Transmitter 2.93 lb., Receiver 2.84 lb. (83g/80.6g)

**OCEAN MATRIX®**

**Ocean Matrix HDMI Over Coax Extender Pair**

*The OMX-HDMI-COAX HDMI extender converts HDMI signals to HD digital TV signals using DVB-T CATV transmission mode.*

Unlike traditional analog CATV signal, this extender uses 64 QAM mode to convert the signal and transmits via coaxial cables for long distances. Using a CATV splitter, you can easily create a one to multiple or a multiple to multiple matrix. Short cable runs may require an attenuator, please refer to product manual for specifics.

Excellent image quality, high interference resistance, and many available channels, make it ideal for total home CCTV, digital signage, shopping mall advertising, and digital KVM.

Item Includes: 1 HDMI to RF transmitter (TX), 1 RF to HDMI receiver (RX), 2 DC 5V, 1A power supplies.

**OMX-HDMI-COAX ..... Reg. \$349.95 Discount \$299.95**

**SPECIFICATIONS:**

## Sescom HDMI Audio Inserter

Add Alternative Audio to Your HDMI Output Stream!

The Sescom SES-AUDIO-N-HDMI Audio Inserter lets you insert an external audio signal into your HDMI/DVI signal path. The device allows you to insert stereo and multi-channel surround sound signals to give users the capability to select their favorite audio material.

### FEATURES

- External audio input to HDMI
- Alternative audio selection to your HDMI output
- Compliant with HDMI 1.3, HDCP 1.2 and DVI 1.0
- Supports HDMI Sample Rates up to 192 kHz
- Supports Optical Sample Rate up to 48 kHz
- Supports TMD5 clock frequency rate 225 MHz
- Supports high-bit-rate (HBR) audio
- HDMI cable distance test with 1080p 8/12bit resolution, the input & output can be up to 10 meters or approx. 30 feet long
- Low power consumption
- Supports 3D HDMI signals as well
- Powered via included external adapter
- 3.5" L x 3.5" W x 1.5" D

## Sescom A/V "Lip-Sync" Corrector

The SES-A-V-SYNC is a L/R In-Out audio-video synchronization corrector. Corrects common audio delays - especially when distributing video over long distances or through multiple devices like distribution amplifiers and set top boxes. This also happens when the audio from sources is sent to audio amplifiers over analog lines while the video is sent to the display over HDMI or digital lines. The SES-A-V-SYNC can be manually adjusted so the audio delay can be set from 0~300ms in set increments so you can perfectly synchronize your audio and video -so when the program is viewed the audio and video are perfectly in sync. The SES-A-V-SYNC, also sometimes referred to as a "Lip-Sync-Corrector" is an affordable and compact device that when installed greatly enhances your audio/video experience. 48kHz sample rate to provides superior performance under demanding conditions.

### FEATURES

- Zero Delay signal bypass option
- Ideal for showroom displays
- High Resolution Audio Sample Rate Of 48 kHz
- Low power consumption
- Up to 24-bit resolution
- Powered via included external universal AC/DC adapter (input: 100V~240V AC, 50~60Hz)
- Precise Digital Delay Circuitry is very high quality
- 1.75" L x 1.75" W x 1" D

## Sescom IL-XLR-POSTS Male and Female XLR Connector

Tiny form factor, Big-time convenience and function!

Every Audio Professional Needs These! No fancy explanations - just three screw down binding posts for banana plugs or any bare wire to XLR hook-up application. The IL-XLR-POSTS allows for fast termination in the studio or the field. Big color coded screw down binding posts mounted to a durable ABS plastic injection molded housing with BOTH a male and female XLR this TAPPER is ready to plug directly into ANY-

# SESCOM®

THING! Accepts standard banana plugs for interface or quick access of your bare wire to the world of XLR. The IL-XLR-POSTS is ideal for interfacing older Telco equipment too. Posts are color coded red, black and green using industry standards. When used between cables this device will be a true inline "TAP" for accessing what is on your cables via the binding posts. Accepts standard banana plugs with standard spacing.

IL-XLR-POSTS • Reg. \$54.95 **Discount \$49.95**

## Sescom HDMI SRS True Volume Leveler

Dynamically Boosts Low/High Frequencies Regardless of the Original Audio Level!

# SESCOM®

The Sescom SES-NORMAL-HDMI Volume Leveler is an advanced HDMI™ to HDMI audio repeater and decoder that incorporates the most advanced technology to prevent annoying fluctuations during commercials or bursting sounds from action scenes. Always maintains a perfect normalized volume level with the SES-NORMAL-HDMI. Excellent for TV's or displays with smaller speakers as the set level will prevent distortion from loud passages of audio material. Produces clear audio and video with no unwanted artifacts or noise every time!

### FEATURES

- Regulates and automatically adjusts the volume level of TV/Satellite/Radio broadcasts (or any audio on the HDMI signal basically)
- Advanced modeling engine & perfected algorithms dynamically boost low/high frequencies regardless of the original audio level
- Supports HDMI (with Deep Color Video), HDCP v1.1 and DVI v1.0
- Supports HD input/output up to 1080p(24/60)Hz
- Built in repeater function with HDMI signal amplification and equalization for driving HDMI cables
- Supports 2 channel HDMI audio input to HDMI output
- Integrated HDCP encryption for transmitting protected audio and video content
- Supports CEC bypass protocols
- 4" x 2.5" x 1"

SES-NORMAL-HDMI • Reg. \$139.95 **Discount \$124.00**

## Sescom SRS True Volume Audio Regulator

Regulates Audio Volumes to a Consistent Level Every Time!

# SESCOM®

The Sescom SES-NORMALIZE-IT Volume Leveler incorporates SRS TruVolume™ technology which can regulate Audio like TV commercial volume levels to a comfortable listening level within a certain range, preventing annoying fluctuations while you channel surf as well as taming those aforementioned obnoxious commercials. It also enables you to hear everything that you've been missing when the volume is set to a lower level, by increasing very low audio material within the program. Also this can be used not just for audio-video combo applications but solely with just audio alone: making your favorite music to a normalized level even through low musical passages. Great for use with small speakers too as the high level audio spikes will not be allowed to get through to amplifiers and distort the audio at the amplifier & speakers!

### FEATURES

- Regulates TV/Satellite/Radio broadcast volume levels, so you don't have to constantly adjust it when you change channels
- Simple connection for easy installation (Stereo analog in and out, And Power)
- Supports Line Level Inputs and Outputs up on stereo RCA style jacks
- Connects between your audio source such as: TV/Stereo/Soundbar/HTIB/AVR or cable box, BD/DVD player, DVR/PVR/TiVo® or Satellite Receiver and the amplifier
- Package includes 3 ft. long stereo (male to male) RCA cable
- Boosts low and high-frequency content dynamically (20-bands/Ch.), using an advanced psychoacoustic modeling engine making the entire listening experience come alive, regardless of the audio level
- 1.75" L x 1.75" W x 1" D

**SESCOM®**

**Sescom Universal Passive 2 Channel Stereo/Dual Mono Audio Mixer with 3.5mm Interface for DSLR Cameras**  
*Ideal for recording events, documentaries, music videos, and ENG applications.*

The Sescom SES-DLSR-MIX1 compact 2-channel audio mixer for DSLR cameras and camcorders allows for greater audio recording control and eliminates syncing in post editing by recording directly to the camera. The one 3.5mm stereo and two 3.5mm mono input jacks and the three integrated shoe rails provide convenient connection and mounting of microphones.

Features include two trim controls allowing for independent channel adjustments as well as a mono/stereo selectable switch. Since no batteries are required, the passive circuit ensures a virtually noise free recording. The SES-DLSR-1 is designed with a standard shoe mount.

**Inputs:** One 3.5mm (1/8") stereo mini-jack and two 3.5mm (1/8") mono mini-jacks

**Output:** One stereo 3.5mm mini-jack

**Input Level:** -35dBu **Gain:** Unity **Weight:** 5.4oz (153g)

**Frequency Response:** 10Hz to 100 kHz (+/- 0.5dB)

**Dimensions (LxWxH):** 2.99x2.16x2.28in (76x55x58mm)

**SESCOM®**

**Sescom 2 Channel XLR Audio Mixer with Preamplifiers Gain & Peak Controls AGC Disable for DSLR Cameras**  
*Ideal for recording events, documentaries, music videos, and ENG applications.*

The Sescom SES-DLSR-PROMIX audio mixer is designed to facilitate greater audio recording control for DSLR cameras and camcorders and eliminates post edit syncing by recording directly to the camera. The 1/8-inch built-in microphone jacks provide connection and control of microphones, digital recorders, external audio mixers, sound boards, and more, by means of two balanced XLR inputs.

This feature rich device makes audio recording easier with gain switches, peak switches, and selectable phantom power. The Automatic Gain Control (AGC) disable switch reduces camera pre-amplifier noise when required.

The built-in level meter displays input levels in real time and the level controls adjust the output signal. The head phone jack allows audio monitoring during recording and from the camera during playback. Designed with a 1/4-inch female screw and a 3/8-inch female screw for camera or tripod mounting and two shoe rails for accessories.

**SES-DLSR-PROMIX • Discount \$219.95**

**Sescom RCA to XLR Pro Match Audio Level Converter VU & Level Controls**

**SESCOM®**

The SES-OTLMAX is a powerful, feature rich, audio line level format converter for simultaneous conversion of Balanced to Unbalanced and Unbalanced to Balanced audio signals with level control and VU metering.

The product is provided with XLRs for Balanced I/O and RCA for Unbalanced I/O. There is also a 3.5mm (1/8") stereo input (iPod/MP3 compatible) as well as a monitor out for the Balanced line out, which can be fed to a regular stereo amplifier for real time monitoring.

The SES-OTLMAX allows you to switch a -10 to +6 db VU LED meter, for monitoring and confirming either direction, without disturbing the conversion. It is 12VDC powered with the provided 110 AC adapter or it can be battery powered as well. Rugged, all metal cabinet. 3" X 5" X 1.5".

*Ideal for recording events, documentaries, music videos, and ENG applications.*

The Sescom SES-BMCC-MIX1 audio mixer facilitates greater audio recording control for Blackmagic Cinema Cameras and eliminates post edit syncing by recording directly to the camera. The 1/8-inch built-in microphone jacks provide connection to professional audio devices such as wireless microphones, XLR mics, boom mics, and mixing boards by means of two balanced XLR inputs for high quality audio recording. The SES-BMCC-MIX1 makes audio recording easier with peak switches, a mono/stereo switch, and selectable phantom power features.

The built-in level meter displays audio input levels in real time and trim controls adjust output levels for each channel. Red LED warning lights indicate channel volume levels that are too high. Designed with a 1/4-inch female screw and a 3/8-inch female screw for camera or tripod mounting and shoe rails for accessories.

**SES-BMCC-MIX1 • Discount \$169.95**

**Sescom Guitar Cable Assembly with Neutrik ultimatePLUG & Canare GS-6 Cable**

this cable will expand your available tones right at your fingertips- regardless of make and model of your guitar.

The Sescom SES-GUITONE cable assembly with Neutrik NP2RX-ULTIMATE plug and Canare GS-6 cable allows musicians to change timbre and avoid annoying pop and feedback when mating guitar instruments. The high quality instrument interface cable features a standard 1/4" straight plug to right angle 1/4" plug with timbre control and silent plug. Silent Switch The ultimatePLUG automatically mutes a guitar cable to avoid pops and squeals when changing the guitar under load. Timbre Options Neutrik's ultimatePLUG allows you to change the timbre of your guitar sound from neutral, clear sound to warm characteristics in 4 steps by turning a knob on the plug. The ultimatePLUG 4-way detent tone shaper blasts your electric, acoustic or bass guitar into new sonic territories with a flick of a finger. Canare GS-6 Cable further enhances the experience by offering the cleanest signal possible between instrument and amp. Low capacitance and low series resistance provides improved frequency response (flat to 50kHz).

**SES-GUITONE-010 10' ..... Discount \$79.95**

**IL-19-MINI 3.5mm In-line Hum Eliminator**

The IL-19-MINI is an inline hum eliminator / matching transformer for 3.5mm stereo (TRS) runs and is perfect for both DSLR audio applications as well as a laptop interface. In DSLR applications, where HUM always poses a problem, you can connect up to a 25 foot unbalanced 3.5mm TRS cable between any mic output source and through the IL-19-MINI to remove hum.

IL-19-MINI ..... **Discount \$49.95**

**RF Noise Eliminator**

Even the best starquad audio cables aren't immune to RF signal noise. What's more, you can never be certain about the quality of installation on stage boxes & patch panels at a venue. Be 100% sure with our inline filter designed around Neutrik's EMC XLR connectors. The EMC's integrated LC-filter rejects RF-interference & LF-noise while having no effect on your balanced audio signal.

**Pelican Protector Cases**  **PELICAN™**

**The First & Only Unbreakable Watertight Equipment Cases Made!**

To order please add color code:

**C = Charcoal Black, S = Silver Gray, O = Orange, Y = Yellow DT = Desert Tan**

These cases are the best insurance you can buy for your valuable camera gear, instruments, meters, gauges, precision tools, guns and expensive equipment. Unbreakable and "O" ring sealed - guaranteed airtight, watertight, dustproof and corrosion proof, they are molded of advanced ultra high impact copolymer resin.. All Pelican cases are built to take a beating. Layers of exclusive pick 'n pluck foam padding cushion equipment against rough and tumble abuse. Won't dent or corrode, even in or around salt water. Exclusive permanent automatic purge valve contains Gortex type material to prevent moisture from entering the case and allows the automatic release of pressure in the case. Super tough molded handles. Made of Borg-Warner Cyclocac ABS Structural Resin.

**Pelican Cube Case**

Extra deep so you can layer foam or padded dividers (it's like a split level condo for gear). Or empty it out and drop in one big thingamajig. Which is why it's got those gorilla-sized handles: a man on each side with a double hand hold each to heave those heavy loads. The 0370 Cube Case is stackable for convenient storage. Available with optional detachable caster wheels.

**SKB Roto Rolling Racks**

Ideal for those looking to transport heavy remote recording and sound reinforcement equipment, ranging from power amplifiers to signal processors, the Roto Rolling Rack models offer secure protection with the convenience of sturdy built-in wheels and a handle.

Designed as a complete upgrade and stronger alternative to the existing Roll-X-Rack models, the new Roto Rolling Racks feature industrial grade steel threaded rack rails (allowing non-destructive screw mount installation and removal) and full access rear lids. Rear rack-rails are included which allows enhanced load capacity and stability, ideal for especially heavy weighted power amplifier units.

Roto Rolling Racks are rotational molded of high impact LLDPE Polyethylene with in-line wheels supporting heavy loads, a nearly indestructible low-profile injection molded telescoping cushion grip rubber over-molded pull handle and cushioned handle for carrying comfort. Our proprietary trigger release latching system, with TSA recognized and accepted recessed locking latches, enables users to securely lock their cases and still have them inspected by airline security personnel and safely checked as luggage.

**SKB Roto-Mold Shockmount Rack Cases**

*Lightweight Handling - Heavyweight Protection!*

SKB's new Roto Shock Racks feature a 20" deep rack frame installed in a roto molded tough shell with an integrally molded valance that eliminates the metal valance on the outside of the case, coupled with a rubber gasket on both the front and rear doors for water resistant protection. The integrated molded valance, ergonomic handles, and recessed, heavy-duty twist latches allow these cases to meet most ATA and military specifications.

An internal frame mounted on adjustable elastomer shock absorbers on all eight corners. These revolutionary shocks are designed to control the effects of shock and vibration on three axes. The "sway" space around the internal frame provides natural air conditioning -- very important for delicate audio equipment. They are half the weight of the old wooden cases.

**SKB Roto-Molded Shallow Racks**

The re-designed Roto-molded Shallow Rack Cases meet the needs of musicians and pro audio/video engineers. The Shallow Racks are roto-molded for strength and durability and feature a new exterior design with interlocking capabilities, recessed steel, Mil-Spec black twist latches, shock absorbing rubber feet and new heavy-duty flush handles. With the addition of rear rack rails and the new cover design, the depth on the new Roto-molded Shallow Racks has been extended to 10.7" from front to rear rail. Gear can now be mounted front and rear with the supplied rackmount clips.

**Tripp Lite SmartPro Digital UPS 1500VA**

Tripp Lite's SMART1500LCD Line-Interactive Digital UPS System offers voltage regulation, surge suppression and long-lasting battery support for personal computers, network workstations, home entertainment systems and media centers. Internal UPS circuits support entry-level PCs or individual VCR/DVR components during power failures. Prevents data loss, viewing interruptions, lost recordings and loss of component programming. Automatic Voltage Regulation (AVR) circuits regulate brownouts and overvoltages from 75V to 147V back to usable levels without using battery power. Offers complete power protection with support for upright tower, flat shelfmount or 2U rackmount installation in an attractive all-black cabinet design. Free PowerAlert software.

**SMART1500LCD • Reg. \$369.00 Discount \$251.49**

**Tripp Lite Rackmount 12-Outlet Isobar Surge Suppressor**

Tripp Lite's ISOBAR12ULTRA offers network-grade surge and noise suppression in a versatile all-metal multi-mount cabinet. Detachable mounting flanges are configurable for rackmount, wallmount and under-counter installation. Uses only 1 rack space (1U) when installed in any 19 inch EIA standard rack. Features the highest level of AC surge and EMI/RFI noise suppression of all Tripp Lite rackmount surge suppressors. Outlets are arranged in exclusive isolated filter banks to limit noise interaction among connected items.

Includes 12 outlets (2 front/10 rear), 15 ft AC power cord and guarded power switch to reduce the risk of accidental shutoff. Diagnostic LEDs indicate AC present, line fault and protection status. Lifetime warranty with \$25,000 Ultimate Lifetime Insurance (USA & Canada Only) coverage.

**IBAR-12-ULTRA • Reg. \$169.60 Discount \$115.95**

**Horizontal Rackmount Power Strips**

Tripp Lite's power strips offer AC power distribution in a versatile multi-mount cabinet. Detachable mounting flanges are configurable for rackmount, wallmount and under-counter installation. Uses only 1 rack space (1RU). Unfiltered electrical pass-through makes them ideal for distributing alternate waveform UPS or generator power in rack enclosures, network closets and more. Includes 15 ft AC power cord and lighted switch with latching safety cover prevents risk of accidental turn-off.

**Switchcraft 318BT Phantom Powered Bluetooth Audio Receiver**

The 318BT Phantom Powered Bluetooth Audio Receiver is an essential item for pro audio applications of all your bluetooth devices. It sports an XLR male connector to interface with your audio mixer or powered speaker and is as simple as Plug, Connect, Play! No more fumbling with a tangle of wires to connect your audio devices or smartphones. Pick an open channel (w/phantom power) on your mixing board or powered speaker, plug it in and forget it.

**SW-318BT • Discount \$110.00**

**Right Angle 3.5mm Tiny Plugs**

Robust all metal low profile 3.5mm plugs for today's compact electronics. 3 pole 3.5 mm audio plug, solder termination, chuck type strain relief, bushing, black housing, gold contacts. The only right-angled metal bodied 3.5 mm jack plug with chuck type strain relief for secure cable retention. It accepts cables from 2.0 to 4.5 mm.

**NTP3RC-B • Black / Gold (shown) • \$4.51**  
**NTP3RC • Nickel / Nickel • \$3.42**

**MarkerBars XLR Chassis Strain Reliefs**

**Unique Individual XLR Tie Bar Installs Instantly!**

Clever cable tie bar is threaded to accept your standard connector mounting screw (counter sunk or pan head) creating a safe and secure way to support your incoming cable to your connector. More secure than a common lacing bar. Is only as wide as the connector. Installs instantly to your panels, wall plates with the same screws or rivets you now use.

**MARKERBAR-1 • \$2.49 Ea. • 20+ \$2.24 • 100+ \$1.99**

**The Future of Broadcast Supply.™**

**FREE\* Shipping & FREE Tech Support.**

**EXCLUSIVE NICKEL OVER BRASS DESIGN!**

• **Non Corrosive** • **Better Conductivity** • **Longer Lasting**

Why buy cheap imports that don't stand up to the daily rigors of field & studio abuse when Markertek offers a better connector at a better price!

**TECNEC Video Adapters**

- NC3MX-B Male \$3.92 Ea. • 25+ \$3.81 • 100+ \$3.69

### 3-Pin Nickel Shell / Silver Contacts with On/Off Switch

- NC3FX-S Female \$9.88 Ea. • 25+ \$9.58 • 100+ \$9.29

### 4-Pin Nickel Shell / Silver Contacts

- NC4FX Female \$5.02 Ea. • 25+ \$4.86 • 100+ \$4.72
- NC4MX Male \$3.83 Ea. • 25+ \$3.72 • 100+ \$3.60

### 4-Pin Black Shell / Gold Contacts

- NC4FX-B Female \$6.29 Ea. • 25+ \$6.10 • 100+ \$5.92
- NC4MX-B Male \$4.83 Ea. • 25+ \$4.69 • 100+ \$4.55

### 5-Pin Nickel Shell / Silver Contacts

- NC5FX Female \$6.49 Ea. • 25+ \$6.30 • 100+ \$6.11
- NC5MX Male \$4.75 Ea. • 25+ \$4.61 • 100+ \$4.47

### 5-Pin Black Shell / Gold Contacts

- NC5FX-B Female \$8.03 Ea. • 25+ \$7.79 • 100+ \$7.56
- NC5MX-B Male \$5.92 Ea. • 25+ \$5.75 • 100+ \$5.57

Neutrik D series feature same hole punchouts for both male & female, latch release on female, front or rear panel mounting.

### 3-Pin Nickel Shell / Silver Contacts

- NC3FD-L-1 Female \$2.88 Ea. • 25+ \$2.79 • 100+ \$2.71
- NC3MD-L-1 Male \$2.71 Ea. • 25+ \$2.63 • 100+ \$2.55

### 3-Pin Black Shell / Gold Contacts

- NC3FD-L-1-B Female \$3.63 Ea. • 25+ \$3.52 • 100+ \$3.42
- NC3MD-L-1-B Male \$3.49 Ea. • 25+ \$3.39 • 100+ \$3.29

### 4-Pin Black Shell / Gold Contacts

- NC4FDL-1-B Female \$6.45 Ea. • 25+ \$6.25 • 100+ \$6.07
- NC4MDL-1-B Male \$4.55 Ea. • 25+ \$4.42 • 100+ \$4.28

### 5-Pin Black Shell / Gold Contacts

- NC5FDL-1-B Female \$10.15 Ea. • 25+ \$9.85 • 100+ \$9.55
- NC5MDL-1-B Male \$8.02 Ea. • 25+ \$7.77 • 100+ \$7.54

Neutrik P series feature latch release on female, compatible with Switchcraft D series, and crimped insert vibration protection.

### 3-Pin Nickel Shell / Silver Contacts

- NC3FP-1 Female \$3.06 Ea. • 25+ \$2.97 • 100+ \$2.88
- NC3MP Male \$2.97 Ea. • 25+ \$2.88 • 100+ \$2.79

### 3-Pin Black Shell / Gold Contacts

- NC3FP-1-B Female \$3.83 Ea. • 25+ \$3.72 • 100+ \$3.60
- NC3MP-B Male \$3.71 Ea. • 25+ \$3.60 • 100+ \$3.49

### 3-Pole XLR Female / 1/4" Stereo Combo Jacks

Combined XLR receptacle and phone jack. Saves racks space by combining 2 connectors in one housing. Hard wire soldering cups. Full normalled. Stereo or mono version.

- NCJ5FI-S • 3-Pin XLR-F & 1/4" mono jack without normaling • \$2.49
- NCJ6FI-S • 3-Pin XLR-F with 1/4" stereo jack without normaling • \$3.07
- NCJ6FA-H • 3-Pin XLR-F with 1/4" stereo jack, horizontal PCB mount • \$1.66

### Neutrik XX Series XLRs

The next generation of the worldwide accepted standard with a rugged diecast shell & sleek, ergonomic design. Female connectors have cage type contacts, "solder stop" for easy soldering and additional ground contact for best contact integrity between chassis and cable connector. Male connector without locking "window."

- NC3FXX 3-Pin Female. Nickel housing and silver contacts \$2.77 • 50+ \$2.69
- NC3FXX-B 3-Pin Female. Black housing and gold contacts \$4.02 • 50+ \$3.89
- NC3FXX-BAG 3-Pin Female. Black housing and silver contacts \$3.20 • 50+ \$3.10
- NC3MXX 3-Pin Male. Nickel housing and silver contacts \$2.51 • 50+ \$2.43
- NC3MXX-B 3-Pin Male. Black housing and gold contacts \$3.52 • 50+ \$3.42
- NC3MXX-BAG 3-Pin Male. Black housing and silver contacts \$3.02 • 50+ \$2.92

### Neutrik HA Crimp Series XLR Connectors

Crimp termination with standard B-crimp tool • Gastight and Solderless connection (RoHS compliant) • Easy to assemble and improves contact integrity as well cable strain relief over original Neutrik X Series connectors

- NC3FXX-HA 3-Pin Female XLR Cable End, Silver.....Discount \$2.92
- NC3FXX-HA-BAG 3-Pin Female XLR Cable End, Black.....Discount \$3.28
- NC3MXX-HA 3-Pin Male XLR Cable End, Silver.....Discount \$2.60
- NC3MXX-HA-BAG 3-Pin Male XLR Cable End, Black.....Discount \$3.03

### Neutrik RX Series 3-Pin Right Angle XLRs

- NC3MRX Male, Nickel & silver.....\$7.22 • 10+ \$7.00
- NC3MRX-B Male, Black & gold.....\$7.85 • 10+ \$7.61
- NC3MRX-BAG Male, Black & silver.....\$7.32 • 10+ \$7.10
- NC3FRX Female, Nickel & silver.....\$7.25 • 10+ \$7.03
- NC3FRX-B Female, Black & gold contacts.....\$8.82 • 10+ \$8.55
- NC3FRX-BAG Female, Black & silver contacts.....\$7.52 • 10+ \$7.30

### Neutrik D Series XLR Panel Mount Feedthrus

- NA3FDM • Female Front, Male Rear • \$7.69 • 10+ \$7.46
- NA3MDF • Male Front, Female Rear • \$7.31 • 10+ \$7.09

### Neutrik C Series Boots / XX Series Bushings

#### C Series Boots

### RCA PROFI CONNECTOR

- NF2CB-2 Pair of two (black & red) housing, gold contacts.....\$17.37

## KINGS® 2065 Series 75Ω HD Digital BNCs

KINGS® 2065 series true 75Ω Broadcast BNC connectors meets the broadcast industry's HD requirements. DC to 3 GHz. They are designed to terminate the most commonly utilized coaxial cables in the broadcast industry and meet the industry's stringent HDTV standards. These connectors feature a full crimp design and are field installable with Kings crimp tools.

**KINGS®**

## ADC by TE Connectivity 3GHz BNC Connectors

The ADC line of connectors is designed to simplify installation while providing the ultimate in performance. All ADC connectors also use the same strip dimensions to reduce installation time when multiple connector types are required. Exclusive notched design has a visual indication at the 12:00 position for visual confirmation that the BNC is locked into position when used with a TE video jackfield.

**Gepeco High Definition 4.5GHz SDI 75Ω Coaxial Video Cable**

The Gepeco® Brand high-definition video coax series has been engineered to feature a 4.5 GHz bandwidth (for HDTV transmission), a gas-injected foam dielectric, lower attenuation, more RG types, excellent crush resistance, easy termination and a flexible jacket. The gas-injected dielectric and precision process control are critical factors in achieving superior electrical performance including faster velocity of propagation, tight impedance tolerance, low attenuation and low structural return loss across the entire 4.5 GHz bandwidth. Conductive elements consist of a stranded or precision-drawn solid copper center conductor and either a 92% or 95% braid with 100% foil shield for complete broadband shielding. The series contains a wide range of sizes to accommodate short-distance rack wiring or extended-distance point-to-point interconnect.

**Gepeco M1042 20 AWG Mic Cable**

Features oversized heavy-duty construction with an extra-tough jacket, full-coverage braid, thick insulation wall & large 20 AWG conductors. Mutual capacitance is lower than typical microphone cable to reduce the high frequency roll-off that occurs in long runs of mic level signals. Ideal for sound reinforcement and remote production in hostile environments.

| AWG        | O.D.  | Insulation | Shield       | Jacket | Weight        | M1042-1000                             |

**Gepeco 61801EZ Mic/Line Cable**

100% Foil (Bonded) balanced audio cable for permanent installation. Stranded tinned-copper conductors are easy to solder or punch-down. A high-grade polyethylene dielectric is used to minimize high frequency attenuation, while excellent process control and tight pair twisting achieves superior noise rejection. Foil shield with same gage drain wire facilitates quick shield termination. Twenty-two gage conductors offer the lowest DCR available in any Gepeco single-pair product. Ideal for punch-down, rack wiring, and extended distance runs of mic level.

## LAIRD® DIGITAL CINEMA

### Laird 4K UHD Canare camera cables assemblies make quick work of keeping everything in line and organized.

One step, quick-connect Laird cable assemblies connect 4 DIN channels of 3G HD-SDI signals for 4K/UHD video formats. The Laird cables are assembled with a Canare 4 channel, V4-2.5CHW flexible coaxial cable and Canare 4K DIN Connectors. The Canare male connector, MDM-V4C25HW is designed to mate with the MDF-V4JRU panel mount receptacle which features a 4 DIN pass-through on the back side to increase your connectivity but not your rack space. Breakout cables to standard BNC are also available.

#### Laird 4K/8K Cable Assembly with Neutrik RearTWIST BNC Connectors & Belden 1855 Cable

##### UHD BNC Cable Assembly with True 75 ohm 4K/8K Performance

The Laird RTBNC-1855-003 4K/8K UHD Cable Assembly with Neutrik rearTWIST UHD BNC connectors & Belden Mini RG59 1855A is built for extended bandwidth for 4K and 8K video applications.

Neutrik's rearTWIST UHD BNC achieves increased headroom and offers additional return loss reserve for potential impedance deviations resulting from cable bending, incorrect connector assembly or faulty connection interfaces without signal interruption. The rear twist technology simplifies insertion and removal of recessed BNC panel connectors and allows for easy patch bay interface. No special BNC removal tool is required; simply use the rear boot twist.

#### Sescom 2XLM-2XLF 2 Channel XLM Male to XLF Female Audio Cable with 12 Inch Fanout

Sescom 2XLM-2XLF 2 Channel XLR male to XLR female audio snake cables are built in the USA with the highest quality components and are perfect for live events and general purpose studio applications. Each individually isolated channel consists of 2 twisted conductors under a PVC jacket extruded over a foil shield and drain wire. Neutrik connectors feature chuck type strain relief for secure clamping. Made with Canare MR202 cable and Neutrik NC3MX/FX-BAG connectors, these long lasting and durable cables are super flexible for control room layout and interfacing between equipment racks, audio patchbays, mixers, and multitrack recorders.

Available in a variety of lengths.

#### HD-BNC Series Super High Density BNC Cables

The HD-BNC (aka Micro-BNC) is fast becoming popular on broadcast routers like the Harris Selenio as well as devices like the Gennum GS3440 Equalizer and GX3290 Crosspoint. HD-BNC delivers true 75 ohm performance in a footprint 51% smaller than traditional BNC connectors, allowing four times the density. Engineered to enhance electrical and mechanical performance, the HD-BNC connector features the trusted, push and turn interface of a traditional BNC, providing tactile feedback and a positive lock for quick and guaranteed mating. One of the distinct advantages of the HD-BNC is its lack of variable return loss and mechanical bonding commonly found with mini-BNC and DIN 1.0 / 2.3 connectors. The HD-BNC connector meet or exceeds SMPTE 292M and SMPTE 424M specifications for return loss.

positive lock for quick and guaranteed mating. One of the distinct advantages of the HD-BNC is its lack of variable return loss and mechanical bonding commonly found with mini-BNC and DIN 1.0 / 2.3 connectors. The HD-BNC connector meet or exceeds SMPTE 292M and SMPTE 424M specifications for return loss.

# LAIRD<sup>®</sup> DIGITAL CINEMA CION<sup>™</sup> CABLES

Laird designed these precision CION cables in co-operation with AJA to deliver the highest quality components and craftsmanship in an intelligent form factor. The offset positioning of the connectors is critical in maintaining proper ergonomics without interfering with the camera controls as well as reducing strain on the camera. The cables are available in lengths from 18 inches up to 50 feet.

ALL Laird cables are 100% precision tested with our advanced diagnostic tools.

### 4-Channel & 5-Channel Right Angle BNC Video Monitoring Output Cables

Laird's professional 4-Channel and 5-Channel 6G (2k) HD-SDI output cables with 1080i monitoring capability are specifically engineered for the AJA CION camera. They are built to Laird's highest quality standards with 4-channel, high-resolution miniature HD-SDI coax and true 750hm BNC connectors featuring super-flexible Belden 1278R on the shorter runs and Gepco VS5230 on the long runs. Cables are made with Amphenol right angle BNC connectors for the camera side and Kings BNC connectors on the opposite side.

### 2-Channel Balanced Right Angle XLR Audio Input Cables

Laird's professional 2-channel audio snake cables are specifically engineered for the AJA CION camera's balanced audio inputs which can accept selectable mic (including +48V phantom power) or line level signals. Constructed with super-flexible audio cable and premium Neutrik right angle black and gold XLR connectors, these cables offer maximum durability while retaining flexibility.

### Right Angle Single Channel BNC 6G-2k HD-SDI Viewfinder Cable

This professional 14 inch HD-SDI viewfinder cable is specifically engineered for the AJA CION camera. Cables Utilize Belden 1855A precision coax cable with right angle BNC connectors. The offset positioning of the BNC connectors provides compact cable routing to the viewfinder and is critical in maintaining proper ergonomics.

### Siamese Power & Video Viewfinder Cable with Right Angle D-Tap Viewfinder Cable

This professional 18 inch hybrid power and video snake cable is specifically engineered for the AJA CION Camera in conjunction with the Cineroid EVF4RVW. It is constructed using Belden 1855A coax cable with right angle BNC and right angle D-Tap to mini 4-pin XLR connector. This bundled cable is designed with staggered lengths for clean and simple integration.

### Right Angle D-Tap Viewfinder Power Cable

This professional 18 inch power cable is specifically engineered for the AJA CION Camera. Constructed using premium power cable and right angle D-Tap to mini 4-pin XLR connector, this design alleviates any conflicts when accessing the HDMI port. This cable was designed in co-operation with AJA to deliver the highest quality components and craftsmanship in an intelligent form factor.

| 25MA-25M-M50 | 25-Pin to 25-Pin, 50 Foot | Discount \$270.49 |

### Gepco AES/EBU 25-Pin to XLR Tascam Audio Snakes

Cables are crafted with Gepco Gep-Flex DS608 multicore 110ohm AES/EBU digital audio cable. All channels are numbered and individually shielded twisted pairs of #26 AWG gauge conductors. Standard fan out is 24 inches for common interface requirements. Designed for superior connectivity and strain relief, these assemblies feature the Neutrik XCC series digital AES/EBU XLR's and industry standard AMP D-Sub cable hood. Wired to Digi/Tascam D-Sub convention.

Compatible with Digi, Panasonic, Radar, Tascam and other equipment.

### Combo XLR / 1/4" Feed-Through Patch Bay

The industry's only XLR-1/4" combo feed-through patch panel! By customer request, we now manufacture XLR-1/4" TRS Combo to XLR-1/4" TRS Combo patch panels. Saves tremendous rackspace! Panel includes 24 (total) high quality Neutrik NCJ6FI-S Combo connectors wired in line all housed in a heavy duty 1RU x 6" Deep steel cabinet. Other Configurations available on special order.

PBXLR-12COMBO • Discount \$289.95

### 16-Point 3-Pin XLR Feed-Through Patch Bays

Low cost feed through XLR panels featuring the popular Connectronics D-Type chassis mount barrel connector series. Available as XLR female on front & XLR male on rear or XLR Male on front & XLR female on rear. No rear soldering required so installation time is cut in half! Combination configurations available on request.

**PLATINUM TOOLS E-Z RJ45 Connectors**

Simplifies terminations by allowing the wires to be inserted through the connector and out the front - allowing easy verification of proper wiring. Furthermore, electrical performance of the termination is optimized by pulling the connector down over the cable jacket and seating it tightly in the rear of the connector. Manufactured in the USA.

### Belden 10GXS12 CAT6A Cable 4 PR 23 AWG - Riser-CMR

*The Gold Standard of 10G Networking*

Through a unique combination of advanced engineering expertise and precision manufacturing, Belden has built upon the enabling technologies of its 10GX System to offer better noise immunity and performance that meets or exceeds Category 6A specifications. It not only gives you the performance you need to run current-day applications, but provides room for future growth and expansion.

10GXS cable has an improved shape for easier handling - a durable and lightweight round construction provides up to 25% space and weight savings. Superior crosstalk isolation and EMI suppression and up to 10dB of alien crosstalk headroom provide an optimized electrical performance.

Maintains equal distance between pairs and outer barrier along the cable to prevent noise coupling. Smaller Diameter. Saves up to 25% on space and weight.

## BELDEN CatSnake Cable

CatSnake™ UTP cables offer exceptional audio/video performance, plus they are extremely rugged and flexible for use outdoors, in broadcast truck applications and professional audio/video use. Belden has a heavy jacket wall version for medium duty applications (1304A) or an upjacketed version for the harshest heavy-duty environments (1305A). These cables also pass the UL 1581 -40°C Cold Bend test and are RJ45 and Neutrik EtherCon® compatible and ideal for Cat 5e Patch, CobraNet, eSnake, Ethersound, Digital Audio over Ethernet. Bonded-Pair unshielded twisted pairs (UTPs) with 24 AWG stranded bare copper conductors & polyolefin insulation. Black jacket with rip cords.

**Markertek Customized Milbank Wall Boxes**

*New Customized Wall Boxes from our In-House Metal Shop!*

Milbank Wall Boxes are the commercial and industrial standard across the country. With the added touch of our world famous connectorized panels from our metal shop, you've got a sure thing. These super high quality boxes are UL approved electrical boxes that meet the Industry Standards UL 50 - Type1; NEMA Type1, CUL -Type1 (Equivalent to CSA). Available in sizes from 8x12 to 48x48, these professional wall boxes include a locking panel access door to keep your panel secure. Precut knockouts are compatible with standard box connectors (Romex, BX etc), conduit or grommets. Knockouts on all sides offer convenient I/O for the full complement of structured wiring cables. Standard assemblies are ANSI 61 gray polyester powder coating over phosphatized G90U galvanized steel. Perfect for indoor applications on stages, in studios, for telephone cabinets, control rooms and auditoriums.

**FEATURES:**

Black Anodized Interior Panels Customized & Connectorized by the TecNec Metal Shop • Convenient Cable I/O Knockouts on all Box Sides • Surface or Flush Mount • Compatible with Standard Box Connectors, Conduit and Grommets • Secure Locking Doors • Weatherproof Models Available

Boxes are quoted using Black Anodized panels. Custom engraved panels designed for customers specific interface needs. Flush or surface mount as well as weatherproof models available.

**Milbank Wall Boxes**

**Indoor Surface Mount Type 1 Screw Cover Junction Boxes**

Designed for use as a junction box or pull box for indoor use to provide protection against contact with enclosed equipment where moisture and dust are not a problem • Covers have teardrop slots for easy installation and are attached to body with plated screws • Grounding emboss provided with green plated grounding screw • 1/2-3/4 - 3/4-1 - 1/2-3/4 - 3/4-1 (4 total) - Knockout sequence on left side of box • Boxes without knockouts also available

**Stock & Custom Floor Pockets**

**STOCK**

**Stage & Studio Floor Pockets**

*The Professional Way To Protect Video, Audio & Multimedia Cables!*

We are America's leading source for floor & wall pockets. Units are heavy duty 11 gauge steel. Finished in black textured polymer, units will stand the test of time. Hinged cover. The MPOC-2 & MPOC-3 include a 3/8" high cable pass through. An optional backbox is available for back-end support & conduit path. Custom needs? Boxes can be purchased with or without connectors or let us quote on mounting and/or engraving and/or wiring. TecNec does it all in our metal shop.

**Call for cutout dimensions on boxes shown**

**CUSTOM**

- MPOC-2** 10.5" x 6.875" x 4.5" Mount up to 6 XLR connectors with door & removable blank inner panel. Also features one cable clearance cutout on door so cables may be plugged in with door closed..... **Discount \$153.00**
- MPOC-3** As MPOC-2, but Mounts up to 10 XLR connectors. 10.5" x 10.5" x 4.5" ..... **Discount \$168.30**

**Microphone Floor Receptacle**

Atlas Sound FB4XLR floor box assembly provides a simple solution for recessed mic inputs. The unit is designed for easy installation into wood stages and platforms. (4) Female XLR connectors are recessed and slant loaded into the enclosure. A hinged steel cover plate to provides protection for cable connectors. Connectors are standard "D" type and may be easily removed for other "D" connector style substitutions. For concrete pour applications, use optional FB4-CPB box. • 7-15/16" x 7-15/16 x 2-5/8". 4 Lbs.

- FB4-XLRF**..... **Discount \$125.50**

**Low Voltage Mounting Brackets**

For both single & double installations on existing construction • Non-conductive, smooth plastic construction • For communications, cable TV, computer wiring • CAT 5 listed • Adjusts to fit 1/4" to 1" thick wallboard, paneling, or drywall • Bracket is its own template for cut out • Specially designed wing flips up when mounting screw is tightened for a secure mount • Designed to install LOW VOLTAGE CLASS 2 ONLY!

- LV1** Single Gang for existing construction..... **\$2.69**

**NEW!**

**Complex SMPTE Hybrid Fiber Optic Cable Tester**  
*The Only SMPTE Fiber Tester that Finds Broken Fibers & Tests for Shorted Wires!*

Most fiber cable assemblies fail due to lack of proper end-face cleaning. When cleaning is not the issue, the perfect diagnostic tool for all user levels is the Complex SMPTE Cable Tester to accurately test & evaluate SMPTE cables in the studio and field. The Complex SMPTE Tester is the most cost effective means for fast SMPTE electrical and optical continuity testing. It includes a comprehensive electrical test circuit to evaluate shield continuity and shorts - a commonly overlooked but important

test. Electrical testing scans the power, control and main shield for opens and short circuits.

Optical continuity is verified using a built-in Visual Fault Locator to quickly find broken fibers. Each fiber can be verified individually for optical continuity. The unit will also measure optical power loss with any available fiber light source, power meter or OTDR.

**CMX-SMPTE-TESTER • Discount \$1299.95**

**SoundTools Sniffer/Sender XLR Test Set**

The testers are pocket sized and can easily check XLR cables even those where each cable end is in a different location. Very compact at 5/8" diameter by 3" and 5" respectively, The Sniffer and Sender are sold as a set.

**ST-XLR-SS • Discount \$49.99**

**Behringer CT-100 Cable Tester**

Shows which input pin is connected to which output pin • Separate LED's indicate proper shield connection and phantom power presence. • Three modes: cable test mode, installed cable test mode and test tone mode • Accepts XLR, mono and stereo TRS phone (1/4", 1/8", TT), RCA and MIDI Connectors • Phantom power detect • Intermittent detect • Continuity check • Grounded shield detect • Test tone generation (1 kHz and 440 Hz) • Battery operation (requires two AA alkaline batteries)

**CT-100 • Reg. \$44.99 Discount \$29.99**

**Velleman 10-Way Super Tester**

The new SuperTest 10-Way audio cable tester enables quick and convenient continuity cable testing for all types of audio cables. Very nice (and rare) ability to test 5 pin XLR to 5 pin XLR that can also test between 5 pin and 3 pin XLR's - ideal for DMX cables or Sony Wireless XLR cables. Also tests both 4-pole and 8-pole Speakon. Continuity test function (buzzer and LED indication). 9-way switch for pin to pin short circuit test and pin to pin continuity tests. Why look anywhere else for an audio cable tester - everything you need is right here at an unbelievable price! Battery check function. Includes one pair of probes. Connectors: • 1/4" jack • 3.5mm jack • XLR 3-Pin Male and Female • XLR 5-Pin Male and Female • Phono / RCA • Banana plug • Speakon 8P • Speakon 4P • DIN 3P / 5P / 7P / 8P • 5-pin mini DIN • LEDs confirm each conductor connection • Reg. \$69.95

**VEL-VTEST15 • Discount \$55.49**

**Platinum Tools VDV MapMaster Cable Tester/Mapper Kit**

**VDV MapMaster Voice, Data and Video Tester**

The VDV MapMaster combines continuity testing, mapping and tone generator functions into a single unit. Capable of identifying and mapping 19 locations at one time. Whether your jobs are commercial or residential, the versatility of the VDV MapMaster makes it an installers best friend! Features: Tests Voice (6 wire), Data (8 wire) and video (coax) • Easy to read, extra large 7-segment LCD screen with large icons • Tone generator with selectable tone cadence and selectable pins carrying tone • RJ (Voice & Data) master remote stores in bottom of case • Map 19 locations at one time, remotes sold separately • Tests and indicates pins with shorts, opens reversals, miswires and split pairs • Kit Includes: VDV MapMaster 2.0 • Case & Foam Insert • RJ45 #'s 1-12 Remote Set • Coax F #'s 1-8 Remote Set • RJ45 Port Saver • RJ45 to Alligator Clips Cable • NO-Fault Cable • 9V Battery • Made in the USA

**PLAT-T129K1 • Reg. \$199.95 Discount \$169.69**

**Greenlee 1594 LAN / AV Check**

*An All-In-One Smart Checker for Networks & AV Equipment!*

Tests RJ45 patch cords and network installations to identify good connections, opens, shorts or cross-connections • Connection type: RJ45 UTP or STP modular plug & cable TV "F" coaxial • Identifies data and telephone connection schemes • Maps cable pin-out • Tests continuity of cable TV cables and installed cable runs • Battery life for 15 hours continuous use • Max. length: 1,650' (500 m) • Combination network and coax tester • Automatic scanning • User selectable slow or fast speeds • Includes: 2 RJ45 patch cords, 75ohm male terminator, CATV "F" Female adapter, 2 CATV "F"(-Male) to BNC(Female) adapter, 2 CATV "F"(Male) to RCA(Female) adapter, 9V battery and durable nylon carrying case

**PAL-1594 • Reg. \$47.66 • Discount \$39.95**

**1543 Coax/Network Tester**

Test data & telephone cable for proper pairing for EIA/TIA-568A & B, Token Ring, 10 Base T & common Cat-5, Cat-5e, Cat-6 configurations. Also tests continuity of 50 & 75 ohm coaxial cables with BNC terminations. • One-button, simple testing (PASS/FAIL or fault find) to detect: good connections, opens, crossed wires & split pairs • Traces wires with tone & remote lights • Quick fault analysis • Low battery test • Auto-off to preserve battery • Includes 9V battery & belt clips

**PAL-1543 • Reg. \$116.51 Discount \$94.95**

**Connectronics Triax Cable Tester**

*A Tool No Truck Should Be Without!*

The CTX-TRIAX-TXT is a small compact Time Domain Reflectometer technology based system which instantly displays the short and open status of triax cables. Save thousands of dollars in overtime and frustration by verifying triax cable status back in your shop—not in the field. Heavy duty weather resistant die cast box with advanced triax tests: reveals opens and shorts between center conductor and inner and outer shield. The CTX-TRIAX-TXT is supplied with transmitter (male) & receiver unit (female). 9 volt battery powered (supplied). Mates perfectly with all Canare Tri-K Pro and Kings Tri-Loc connectors and equivalents.

**CTX-TRIAX-TXT • Reg. \$469.95 Discount \$449.95**

**Hosa CBT-500 Audio Cable Tester**

The CBT-500 Cable Tester by Hosa Technology diagnoses signal failure in cables terminated with any combination of XLR, Phone, Phono, and speakON connectors, as well as DIN, Ethernet, and USB Type A to Type B cables. It is also equipped with removable leads to verify continuity of additional connectors and jacks. Operation requires one 9-volt battery (included). Cable Test: Turn knob to position 1 • Plug one connector into corresponding jack on left side of tester • Plug other connector into corresponding jack on right side of tester • Turn knob to each position to check wiring of each contact. Continuity Test: Apply the tip of each lead to the corresponding contacts • If continuity exists, the center LED will illuminate and tester will beep. Battery Check: • Turn knob to Battery Check • LED will illuminate if the battery is charged

**HOS-CBT-500 • Reg. \$74.95 Discount \$49.95**

**Extech CT-100 Network Tester**

Continuity Tester for twisted pair cable and F type coax cables. A low cost solution for testing networks and structured wiring locations for cables 3 to 600 feet long. Twisted Pair Features: • Tests for shorts, opens, miswires and reversals • Tests EIA/TIA568A and 568B and 10Base-T • Shield detection tests shield integrity. CATV Features • "F" connector for troubleshooting CATV coaxial installations • Tests for opens & shorts. 3.25 x 2 x 1.25 • Includes 2 AA Batteries

**EXT-CT100 • Discount \$35.99**

**Greenlee Multiformat Tester**

*Tests & Maps FireWire, VGA, USB & More!*

This new universal tester maps cables, detects good connections, opens, shorts or crosses. It works with over 20 types of cables including: LAN & telephone, Serial, coaxial, USB, VGA, Mini-USB, S-video, FireWire, PS/2 keyboard & parallel printer. • Auto scan or manual scan modes • Rubber feet to grip to desk or bench to prevent slipping • Power shuts off after 30 seconds of non-use to conserve battery • 9V battery included • Tests cables with the following terminations: Modular plugs: RJ45, RJ11, RJ12 UTP/STP • Coaxial: BNCs & CATV "F"

**PAL-1577 • Reg. \$201.27 Discount \$159.99**

# JACKREEL<sup>™</sup>

**Split Drum for Easy Pigtail Storage**

**3-Position Brake Lock**

## **JackReel-XL1 High Capacity Broadcast Cable & Fiber Optic Cable Reel**

*Rugged High Capacity Cable Reel for Broadcast, Fiber Optic & Pro-Audio Applications!*

The JACKREEL-XL1 is a fantastic value for a super high capacity steel cable reel that is specially designed for multi-channel tactical fiber optic cables, SMPTE fiber optic camera cables, audio snake cables and similar cable assemblies. The JACKREEL-XL1 features rugged steel and aluminum construction with round tubing protective frame, non-reflective black matte finish, adjustable cam-lock drag brake for fast cable roll-out and storage and large heavy duty locking caster wheels.

The main cable drum is specially engineered to protect the bend radius of fiber optic cables. A special drum divider plate protects connectors and fan-outs separating them from the main cable run during storage and roll-out.

**JACKREEL-XL1** ..... **\$355.00**

**FEATURES:**

- Capacity for 5mm O.D. Cable: 4500 Feet
- Capacity for 7mm O.D. Cable: 2500 Feet
- Capacity for 9.5mm O.D. Cable: 1100 Feet
- 21.187"H x 21.75"W x 17.875"D
- Cable Drum Overall: 17.625"W
- Main Drum: 14"W Outside (13.375" Inside)
- Split Drum: 4"W

### **Fiber Ready JackReel Cable Reel**

Super rugged, super lightweight high impact broadcast cable reel holds up to 500 feet of 2-Channel and 4-Channel tactical fiber. Fiber ready hub maintains critical bend radius necessary for fiber optical cables. Includes quick-adjust thumbwheel brake lock. Ergonomic soft-cushion carry handle.

**JACKREEL-F4** ..... **\$59.95**

**JACKREEL-F4-MP1** ..... **\$17.95**

Metal hub center plate for connector mounting

### **JackReel-3 High Capacity Cable Reel**

*Super Low Cost with Lots of Capacity!*

JACKREEL-3 is a cost effective, high performance steel frame cable reel with high impact thermo-plastic core that is perfect for many professional uses. Use it for audio and video cables, IT & data cables, industrial control cables, medical imaging cables & power cables. The high impact construction and the easy reel core saves time and money when deploying cables in a wide range of applications. JACKREEL-3 features an ergonomic cushion grip carry handle as well as an outer hub for cable fanouts. Center Hub: 4.75" Diameter. 15"H x 10.75"W.

**JACKREEL-3** ..... **\$44.95**

#### **JackReel Cable O.D. Capacities**

- 0.200: 400 Feet
- 0.750: 30 Feet

## **MarkerReels<sup>™</sup>**

### **Fast Tangle-Free Cable Deployment in the Field & Studio!**

when you're done. Cable keeps its natural shape without bending or crimping, thus extending its life. Customized MarkerReels are easily designed and delivered from our shop. You name the cable... we'll put it in a reel! The finest Belden and Canare audio and video cable is utilized with premium connectors. Integrated recessed Neutrik and Canare panel mount connectors built into the center of the reel make interfacing a snap. The reel is a lightweight yet extremely rugged injection molded structural plastic that will take years of abuse.

**Other Configurations Available from our Belden Certified Cable Shop.**

# iPanelCAD™ FREE APP!

Markertek Panel Design APP

iPanelCAD is Markertek's free browser-based application for both Mac & PC for designing custom wall plates, rack panels and more for broadcast & professional AV applications! Universally designed for mobile and desktop devices so you can use it anywhere.

- Fast & Intuitive Browser-Based Application
- Instant Price Quote as You Create Your Drawing
- Massive Drag & Drop Connector & Parts Library
- All Work Performed In-House
- Export Drawings as DWG Files
- Spec Size, Material, Finish, Connectors, & Engraving

## GET THE APP. GET THE APP. GET THE APP.

Multi-Platform!

Custom Cables for All Fiber, Video & Audio Applications

Nobody offers the full range of custom services for the broadcast, pro-audio and presentation professional like Markertek. Why not send us all of your custom needs and let us create those one of a kind solutions that make your projects all come together?

### Custom Cable Shop

Our in-house facility uses the finest, state-of-the-art equipment to produce custom cables and interface solutions that you require. Our shop is LEMO, Neutrik & Belden Certified, RoHS compliant and has the latest test equipment to produce 100% quality controlled cable assemblies.

Custom Metal Patch Bays & Panels

### Custom Metal Shop

Our in-house metal shop utilizes the very latest in laser & plasma cutters to produce anything and everything the media professional requires. Custom panels, wall plates, cable reels, stage boxes, wall & floor pockets in any quantity are only a phone call away.

### Markertek You-Design-It Custom Patch Bays

Now you can design your own custom patch bay - fiber, audio and video - loaded with the connectors of your choice. Choose from the highest quality connectors in the industry. Names like Neutrik, Canare, Switchcraft, Senko, and TecNec. The 24XU features two rows of 12 positions for a total of 24 connector possibilities. The 8XU features one row of 8 positions. All connectors are precision mounted on a steel 19" rack panel. Each bay is fabricated in our factory and shipped to you complete and ready-to-use.

Order Custom XU Patchbays and more at:

[www.markertek.com/custom/services](http://www.markertek.com/custom/services)

|      |   |          |
