

POW-R BAR65

SKU:PWR571 • UPC: 819730019523

The ADJ POW-R BAR65 is a forward-thinking tool for any working entertainer, stage or installation that helps make connecting electronics easier. It incorporates 6 surge-protected AC power sockets and 4-port USB 3.0 hub in one power block. All USB ports are “live” for charging whether there is a hub attached or not.

There is also an additional USB port that allows for a mobile device, such as a mobile phone or tablet, to charge its battery. The POW-R BAR65 is constructed of heavy-duty of metal and is designed for the rigors of stage and touring. It comes with a locking powerCON 3-prong Edison 6-foot cord.

POW-R BAR65

Features:

- Integrated 4-port USB 3.0 hub - connect external hard drives, bus-powered controllers and other USB peripherals
- Six surge-protected AC 3-prong Edison power sockets
- Four USB 3.0 type A sockets for data or charging
- One USB 3.0 type B connector for connecting to a PC
- One 2.1A USB type A connector to charge a mobile device
- Shelf for placing mobile phone or tablet while charging
- Heavy-duty metal construction designed to withstand the rigors of the road

Electrical:

- Maximum AC Output Current: 15 amps
- Operating Voltage: 120V AC, 60Hz
- Spike Protection Mode: Line to neutral
- Spike Clamping Voltage: 185 VAC peak @ 3000 amps
- Energy Dissipation: 1800 joules
- Maximum Surge Current: 6000 amps
- Maximum Continuous Operating Voltage: 130 VAC RMS
- USB Charging: USB Charger: 5 V, 2.1 A
- Built-in circuit breaker in ON/OFF switch
- Maximum Surge Current: 6000 amps
- ETL approved (US & Canada)

Dimensions/Weight:

- Length: 10.5" (268 mm)
- Width: 3.3" (84 mm)
- Horizontal Height: 2.5" (65 mm)
- Weight: 3.0 lbs. (1.3 kg)

What's Included:

- Line Cord: 6-foot, captive, 14 AWG, with 3-conductor Edison powerCON locking plug
