

Wall Mount and Patch Enclosure

Large, empty w/solid metal door, optional lock/key

Cleerline SSF™ wall mount fiber distribution units are designed to support patching and splicing in one unit. The enclosure has 8 adapter panel positions, allowing for a wide variety of fiber termination connector types. Two compartments separate the network terminations from the distribution terminations, and the unit has a single outer door with optional key lock.

FEATURES AND BENEFITS

- Accommodates up to 8 adapter plates
- Cable entry tie down points
- Single door with optional key lock available
- Top or bottom cable entry
- LGX® compatible adapter plates
