

Everything's Under Control

DNF Controls offers a comprehensive eco-system of products and technologies to create single-user to enterprise-wide control solutions that easily adapt and scale as required.

Take your show on the road with the AIB-4 AnyWhere Interface Box

Cut shows remotely from your home facility. Transport GPIs and On-Air Tallies into the field, wherever you need them – across cities, states, even continents.

Make the connection:

- Over IP
- Over Audio and Intercom lines using DTMF
- Over Dial-up Modem when only POTS is available

The AIB-4 makes it easy to connect it all:

- ✓ **16 GPIs with Opto-Isolated Inputs**
- ✓ **16 GPI Outputs with Isolated Relay Contact Closures**
- ✓ **100 Mbs Full Duplex IP Connectivity**
- ✓ **DTMF Transmit and Receive: Single *and* Multi-digit Sequences**
- ✓ **Telecom approved Dial-up Data Modem**
- ✓ **Redundant Power Supplies**
- ✓ **Web-browser Setup, Configuration and Diagnostics keep things easy and simple.**

Delivering Trusted Control Solutions for over 25 years
