- 2 pieces attached 200W power supply of sufficient capacity to accommodate 10 modules
- removable module features Plug In method

Specification

Electrical

Voltage_95~240V AC 50/60Hz

Maximum Power Dissipation_200W

Fuse_250V / 5A

Power Supply_Redundant, Separate AC inlets,
Forced Air cooling by FAN,
Over Voltage Protection
Over Current Protection
Over Temperature Protection
Power Fact Control

Physical

Temperature_0~40 °C

Size_483 x 302 x 88 (mm)

Weight_5kg

Module Capacity_10 single slot module

Power Supply_Up to 2
