

G-Technology®

G|DRIVE® ev RaW SSD

Rugged, Lightweight USB 3.0 Solid-State Drive

G-DRIVE® ev RaW SSD is the lightweight and rugged USB 3.0 solid-state drive¹ for creative pros on the go. With resilience to shock & vibration and an included/removable protective bumper², this powerful ev Series-compatible SSD can go everywhere you work and anywhere you create. Use it alone to store video, photos or music in the field. Then, back in the studio, dock it into an ev Series docking solution or G-SPEED® Shuttle XL with ev Series Bay Adapters to edit, distribute and back-up with ease. Add even more protection with an optional water, dust- and shock-resistant ev All-Terrain case³.

G-Technology's innovative ev Series streamlines digital content workflow with flexible ways to capture, share, store and distribute your work faster and easier.

KEY FEATURES

- Rugged, USB 3.0 Solid-State Drive (SSD)
- Lightweight, portable design¹

¹35% lighter than previous generation

²Can withstand a 2M drop on a carpeted concrete floor with included bumper

³IP66 Rated. Floats in water; will protect drive if immersed up to 1 ft for 30 secs

⁴Can be used with ev All-Terrain cases, ev Series Adapter, G-DOCK ev® docking solutions and G-SPEED® Shuttle XL with ev Series Bay Adapters.

As used for storage capacity, one gigabyte (GB) = one billion bytes and one terabyte (TB) = one trillion bytes. Total accessible capacity varies depending on operating environment. As used for transfer rate, megabyte per second (MB/s) = one million bytes per second. Performance will vary depending on your hardware and software components and configurations. Product specifications subject to change without notice. Pictures shown may vary from actual products.
