

The RM-RDSTNR is a complete Professional RDS Tuner all in one rack space. The RM-RDSTNR is perfect for the House of Worship, Studio, Live Concert, and DJ. The ease of control with the large illuminated buttons, makes it visible even in a dark room or when in a rack. The illumination on these buttons can be turned off and on by pushing the LED button on the front panel. Also, with its all metal 1U rack mount chassis, it is rugged and built for the road.

The new RM-RDSTNR has built in AM/FM radio player with Radio Data System (RDS). Additionally, there is an AUX 1/8" jack on the front panel for easy connection of MP3 players, cell phones, or other media devices. This unit comes complete with a remote control. With the remote, you can use many convenient features such as FM w/RDS and AM Bands, Sleep, Traffic Auto Scan, Program Type, among many others.
