Patented Solid-State Destroyer

PD-5 with SSD-1 in the destruction chamber

SSD-1 Patented Solid-State Destroyer

Create the ultimate destruction package by adding solid-state destruction capability to your PD-5. Garner's patented SSD-1 ensures secure destruction of data stored on solid-state media, flash drives, USB thumb drives, and SSHD (solid-state hybrid drives) controller boards. The SSD-1 has 90 spikes to puncture, perforate, and waffle media, demolishing the individual memory chips preventing data from being retrieved.

SSD-1 Package Includes

• SSD-1 solid state media destroyer
• (5) SSD media transport sleeves (SSD-MT)
