OYB240-2PT-KIT

Features you need, Prices you want.

Aluminum Frame

The Onyx 240 Bi-Color On-Camera Light's aluminum body gives it a perfect balance of being both durable and lightweight. The light fixture gives off minimal heat due to the aluminum frame which allows for excellent ventilation.

Easy Control of Brightness & Color

The Onyx 240 Bi-Color On-Camera Light has an LED display that allows for easy and accurate control of brightness from 10-99% brightness and color temperature from 3200K to 5600K.

High Output LEDs

With 144 high brightness LEDs, the Onyx 240 Bi-Color On-Camera Light provides both amazing color rendition and brightness.

Mountable Option

The hot shoe allows for the Onyx 240 to easily attach to either a camera or a 1/4" tripod. The included bracket is designed to attach to any stand with a baby 5/8" receiver.
