Rugged
TRIPLE USB 3.0

MOBILE DRIVE
Data Sheet

More Interfaces. More Speed.

- Enhanced speed and connectivity
- AES 256-bit encryption protection
- Drop-resistant up to two meters

design by neil poulton

Product Overview

The LaCie Rugged™ Triple USB 3.0 drive delivers outstanding speed, universal connectivity, and enables superior data protection. It offers the lightning-fast interface speeds of USB 3.0 and FireWire 800, and full backward compatibility with FireWire 400 and USB 2.0. Whether the goal is super speed or complete compatibility, the LaCie Rugged drive has everything users need.

Use Cases

- Photographers: Small form factor and toughness make this product perfect for use in the field or to safely deliver large files to customers and partners, and encryption[1] adds an extra layer of protection against unauthorized access.
- Videographers: Perfect for shuttling dailies or other footage to the studio and transfering files quickly thanks to USB 3.0.
- Travelers: Use to protect valuable data from loss, theft, or accident while on the road.
- Students: Store music, video, and confidential school documents on a secure device that fits in a backpack.

1 Encryption software is only available via download and is not available in Russia.
