20 Amp “Break Out Box” to Edison Receptacles, Feed Thru

Bento Box®

PowerHOUSE™
Portable Distribution Boxes

Catalog Number:

Standard model pictured above: BNZJ2-Z3

Mountable C-clamp* model: BNZJ2-Z3-CLP

For ordering information and information on mountable model and hardware, see reverse side.

Description:

20 Amps per circuit, 6-circuit Break Out Box, Bento enclosure, LSC19 panel mount male to (6) NEMA 5-20, 20 Amp duplex receptacles, Feed Thru, NEMA 1 Indoor. Additional model available with mounting holes on a metal handle and on the back to allow vertical or horizontal mounting on a truss or pole.*

Typical Application:

Breaks an industry standard 6-circuit lighting cable into NEMA 5-20, 20 Amp receptacles for connection of up to 12 lights in a fixed location. The feed thru option allows multiple boxes to be placed along the same feed.

Markets Served:

Theatrical, Concert Production, Live Event, Motion Picture and Television Production

*Sold separately. See reverse side for ordering information.

Features & Benefits

- Provides 12 connection points for lights using 20 Amp duplex receptacles
- Optional model available that enables easy mounting vertically or horizontally with C-clamp* (see reverse side for details)
- Heavy-duty extruded engineered thermoplastic enclosure is electrically insulated and resistant to shock, impact and corrosion
- Feed thru option allows multiple boxes to be placed along the same feed
- End plate grips for easy handling in tight spaces, and collapsible handle available on standard model
- Stackable and compact for easy storage
