USB-C Cable with Power Delivery (5A) - M/M - 4 m (13 ft.) - USB 2.0 - USB-IF Certified

Product ID: USB2C5C4M

This USB-C™ cable with USB Power Delivery lets you power USB Type-C™ devices from your USB-C laptop or charge your USB-C laptop from a USB-C wall charger.

Power your USB-C devices

With up to 5A (100W) of power output, you can use this USB Type-C cable to power and charge a USB-C laptop, such as your Apple MacBook or Chromebook Pixel™, using a USB-C wall charger, car charger or power bank. Or, you can power your laptop from a USB-C docking station.

Fast-charge your mobile devices

The 5A of power delivery lets you charge your mobile devices faster than with a regular USB-C 2.0 cable. The cable is perfect for people on the move - decrease your charge times and make sure your mobile devices are ready, whenever you need them, while you're on the road.

Charge and sync your mobile devices over even longer distances

The non-standard 4-meter cable gives you the extra length you need to overcome distance restrictions and stay connected. You can charge and sync your USB-C mobile device, in almost any environment. Even while you're taking notes in a boardroom, catching up on emails in your hotel room, or reading in a coffee shop, the connection to your mobile device will reach your computer or wall charger more comfortably.

Provide superior connections with USB-IF certified cables

The cable has undergone rigorous compliance testing and is certified by USB-IF (USB Implementers Forum) to meet all USB 2.0 specifications. This includes all environmental, electrical and mechanical standards, which ensures a reliable and high-quality cable for all of your USB-C devices.

The USB2C5C4M from StarTech.com is backed by a 2-year warranty for guaranteed reliability.

Certifications, Reports and Compatibility
