

## L5-20P to 5-15R, L5-20P to 5-20R, Heavy-Duty Power Adapter - 20A, 125V, 12 AWG, 6 in., Black

MODEL NUMBER: P046-06N-T

Heavy-duty plug adapter transforms a NEMA 5-15P or 5-20P straight-blade plug into a locking L5-20P plug.

### Features

#### Heavy-Duty Power Adapter for Network Devices That Require a Heavy-Gauge Connection

This six-inch cord features 12 AWG wire suitable for high power connections, making it a reliable solution for large server applications that require a higher-rated, heavier-gauge cable. It can be used to connect a computer, server or other device with a NEMA 5-15P or 5-20P straight-blade plug to a wall outlet, PDU or UPS system with a NEMA L5-20R outlet.

#### Locking Connector Helps Prevent Accidental Disconnection and Expensive Downtime

Having a cable come loose accidentally can mean the loss of power and costly downtime. The locking connector helps you avoid such danger, protecting critical equipment by maintaining a secure link without failure. The locking cable is also invaluable when moving equipment in a rack or removing equipment from tight areas, ensuring the power cord always stays connected.

### Highlights

- Recommended for powering computers, servers and other network devices
- Heavy-duty adapter replaces or upgrades standard power cord provided by manufacturer
- Thick 12 AWG wire gauge manages high power levels required for larger equipment
- Locking connector maintains secure link to avoid loss of power and costly downtime

### Applications

- Connect devices like computers, servers and monitors to a PDU in your data center
- Transform a non-locking NEMA 5-15P or 5-20P plug into a locking L5-15P plug
- Extend an existing power connection up to 6 in. to more easily place a device or reach a power source in a rack
- Update or replace the standard power cord provided by a device's original manufacturer

### Package Includes

- P046-06N-T L5-20P to 5-15R, L5-20P to 5-20R, Heavy-Duty Power Adapter, 6 in., Black
